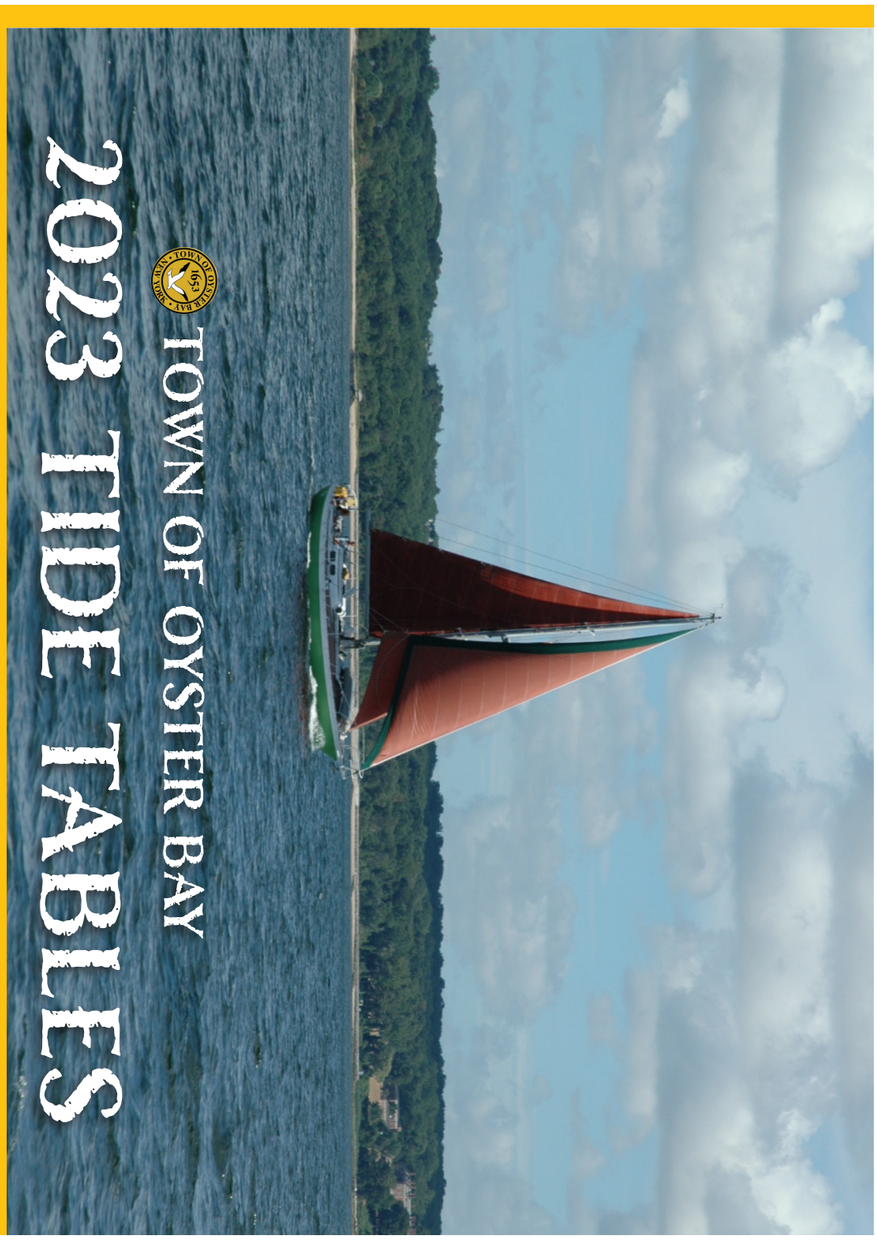
Tide Estimates supplied to the Town of Oyster Bay by National Oceanic & Atmospheric Administration



Dear Resident,

One of the Town of Oyster Bay's greatest attributes is its beautiful waterways that offer a wide variety of recreational and commercial activities and provide scenic havens for fish, birds and other wildlife. For a relaxing day at the waterside, the possibilities are endless. Boaters can cruise the waters of Oyster Bay/Cold Spring Harbor, Hempstead Harbor, South Oyster Bay and the Atlantic Ocean. Swimmers can enjoy any of seven beaches, five on the north shore and two on the south shore. Shell fishers, both commercial and recreational, have access to two of the last viable shell fishing harbors on Long Island, Oyster Bay/Cold Spring Harbor and South Oyster Bay. Residents can also enjoy a picnic or a day of fishing at one of our beautiful parks situated by the water.

Preserving and enhancing our marine resources is an important priority for all of us in Town government. This is why the Town Board has implemented a number of projects and programs to ensure that these resources continue to flourish. We invite you to enjoy the many pleasures our waterways have to offer and hope that you find the tide tables in this brochure helpful in planning your activities.

Very truly yours,

JOSEPH SALADINO
Town Supervisor
