

## The Town of Oyster Bay Animal Shelter . . . a state-of-the-art facility, built to house animals in a healthy and nurturing environment.

- The "dog only" kennel areas have oversized cages, sheltered outdoor areas, and gabled roofs that let in diffused natural light.
- The entire Animal Shelter enjoys a complete air filtration system which provides air exchanges every fifteen minutes of every day.
- All dogs have access to large outdoor runs to maintain healthy muscle tone.
- Quarantine cages segregate sick animals from the general population. An in-house infirmary, not open to the public, provides treatment for ailing Shelter residents.
- Cats brought to the Shelter are housed in a soundproof area. This stress-free environment consists of twenty-four cages complete with skylight above.
- All pets, where appropriate, receive inoculations and are spayed/neutered upon adoption.

## A special way to protect your pet

The Town of Oyster Bay Animal Shelter is equipped with a universal scanner. This device enables Shelter personnel to identify lost pets whose owners have had them implanted with a special microchip.

The microchip is encoded with data about the animal and is painlessly implanted by a private veterinarian.

If a microchip-protected pet becomes lost and is recovered by the Shelter, information about the animal and its owner's identity can be obtained by waving the scanner over the pet.

**\*\*\* All pets adopted out of the Shelter are implanted with the microchip.**

## TNR Facility First of Its Kind

The Oyster Bay Shelter is the first local municipal shelter to have a permanent Trap-Neuter-Return (TNR) Surgical Facility, known as the Animal Shelter Medical Care Clinic. The clinic also provides medical care to those animals housed in the shelter.

## 'Seniors for Seniors'

**Town Senior Residents Can Adopt Senior Pets with no adoption fee. Call the Animal Shelter or visit the Town's Web site for more details.**

## Directions to Shelter

Long Island Expressway to Exit 43 N or Northern State Parkway to Exit 36 N (South Oyster Bay Road.) Turn left onto North Service Road of Expressway (Miller Place) and follow yellow road signs to Shelter.

## Lost pets brought to the Animal Shelter

Dogs seized by a Town Animal Control Officer, or animals that have been running loose and are turned in by residents, are held at the Animal Shelter. Owners of licensed dogs brought to the Shelter are notified by telephone and, if that fails, by certified mail.

Licensed dogs become available for adoption if they have not been claimed by their owners within twelve days. Unlicensed dogs are offered for adoption after seven days at the Shelter.
