1 SUPERVISOR VENDITTO: Ladies and  
2 gentlemen, if everyone will find seats, we will  
3 begin.

4 We will begin by asking Mr. Altadonna,  
5 our Town Clerk, to poll the Board.

6 MR. ALTADONNA: Supervisor Venditto?

7 SUPERVISOR VENDITTO: I am here.

8 MR. ALTADONNA: Councilman Muscarella?

9 COUNCILMAN MUSCARELLA: Here.

10 MR. ALTADONNA: Councilman Coschignano?

11 COUNCILMAN COSCHIGNANO: Here.

12 MR. ALTADONNA: Councilman Pinto?

13 COUNCILMAN PINTO: Here.

14 SUPERVISOR VENDITTO: Councilwoman  
15 Alesia is on the way and Councilman Macagnone and  
16 Councilwoman Johnson will not be present today.

17 Do I have that right?

18 COUNCILMAN COSCHIGNANO: Yes.

19 SUPERVISOR VENDITTO: I would ask  
20 everyone to please rise and join in the Pledge of  
21 Allegiance to our flag lead by Councilman Joe  
22 Pinto.

23 (Pledge of Allegiance recited.)

24 SUPERVISOR VENDITTO: Thank you,  
25 Councilman Pinto.

1 SUPERVISOR VENDITTO: I would remind  
2 everyone that today is Primary Day. Get out and do  
3 your civil duty. Vote for whomever you like,  
4 whoever you like, but vote.

5 We don't have a polling place today?

6 COUNCILMAN COSCHIGNANO: No.

7 (Whereupon, Councilwoman Alesia joins  
8 the Board Meeting.)

9 SUPERVISOR VENDITTO: All right.

10 Before we get to the call of the  
11 Regular Calendar, we have one very nice thing that  
12 I want to lead off with. I want to get it right.

13 We have two exemplary Town employees in  
14 the audience right now. We're going to bring them  
15 forward in a moment. They're two exemplary  
16 employees among many Town employees in the Town of  
17 Oyster Bay.

18 From time to time, things happen that  
19 just cry out for recognition. I think things  
20 happen on a daily basis. Some of the things I see  
21 the Town employees do. I am going to take a minute  
22 to do this.

23 This Town Board has called on the work  
24 force, obviously between 9:00 and 5:00, that's  
25 their set hours. But we've called on them on

1 Friday night and everyone else has gone home for  
2 the weekend, Saturday afternoon, Sunday morning,  
3 Sunday night, you name it, and every time we've  
4 called on them, every single time, they have  
5 given -- the men and women who are our work force  
6 -- have given us an appropriate response. They  
7 have negotiated high tension wires that fallen into  
8 the water, nearly drowned, saved other people from  
9 drowning, ran into burning buildings. The list  
10 goes on and on and on over the many years that we  
11 have been sitting here.

12 In my case, all during my tenure. It  
13 never seems to stop. But from time to time, there  
14 are special circumstances, I guess, we like to  
15 single out only because it highlights the things  
16 that Town employees face on a day-in and day-out  
17 basis.

18 What you are about to hear is not an  
19 isolated incident. Things like this happen all the  
20 time, but again, some of them do stand out a little  
21 more in terms of duty interest and what have you.

22 I'm going to ask -- Rubin, where are  
23 you? Rubin Fournier and Joseph Kozikowski, come on  
24 up, guys.

25 Rubin, do you like Fournier or

1 Fournier? What do you like?

2 MR. FOURNIER: It does not matter.

3 SUPERVISOR VENDITTO: Rubin and Joe,  
4 applaud for them now.

5 (Applause.)

6 SUPERVISOR VENDITTO: I want to get  
7 this right, guys. Face the jury.

8 Ladies and gentlemen, in the aftermath  
9 of a very devastating fire in the Hicksville area  
10 which involved two houses, as I recall, the Town of  
11 Oyster Bay hired -- crews were sent to the location  
12 to secure the scene for safety reasons which is not  
13 atypical. It's something that's done all the time.  
14 Many times at 3:00 in the morning and what have  
15 you.

16 The crews demolished the rubbish of one  
17 the homes and fenced off the debris. In the  
18 process of operating heavy equipment at the scene  
19 and loading the debris, two of the Highway  
20 employees, the two gentleman standing in front of  
21 you, Rubin and Joe, discovered a very substantial  
22 amount of cash. I don't know the amount, but they  
23 discovered a substantial amount of cash in the  
24 rubble.

25 Without any hesitation whatsoever,

1 these two employees immediately -- and I underscore  
2 the word immediately -- without hesitation,  
3 retrieved the money and turned it over to  
4 Commissioner Kevin Hanifan of the Highway  
5 Department.

6 Due to their alert and obviously  
7 selfless actions, Rubin and Joe -- through their  
8 unselfish actions -- Commissioner Hanifan was able  
9 to contact the homeowner's insurance company to  
10 arrange a meeting with the grateful homeowner and  
11 the cash was returned to the homeowner.

12 We are here to publically acknowledge  
13 two men who did their job and did it well. I want  
14 to say they went above and beyond the call of duty  
15 because we are all human. I'm not sure if every  
16 municipality and every Town employee would have  
17 done the same thing. I'd like to think so and  
18 perhaps they would. I'm not criticizing anyone  
19 else, but you know what? These two guys did it.

20 Gentlemen, thank you very much.

21 (Applause.)

22 SUPERVISOR VENDITTO: I have with me  
23 two very special proclamations from the Town of  
24 Oyster Bay.

25 I will go to my left and -- Rebecca,

1       how are you feeling, better?

2                   COUNCILWOMAN ALESIA:   Maso meso [sic].

3                   SUPERVISOR VENDITTO:   Rebecca and I  
4       were at the same function and got the same virus.  
5       You don't want to hear about that.

6                   We're going to ask Rebecca and Joe to  
7       -- Councilwoman Alesia and Councilman Pinto to  
8       formally present Rubin and Joe -- you know what  
9       we'll do?  Why don't you and Rebecca -- I have an  
10      idea.  Why don't we have Rubin and Joe meet us in  
11      the middle and we'll take a shot right in front of  
12      -- come on down and say hello to everybody.

13                   (Whereupon, a photograph was taken.)

14                   SUPERVISOR VENDITTO:   We all like to  
15      think we all do the same thing.  I believe that we  
16      would.  You hear stories to the contrary.  People  
17      don't always do the right thing.  These two  
18      gentlemen certainly did the right thing and we are  
19      very, very proud of them.

20                   One more time, let them hear --

21                   (Applause.)

1                   SUPERVISOR VENDITTO: One more thing I  
2 would like to do on the business side -- John  
3 Ellsworth, are you out there?

4                   John, I know I mentioned it to you  
5 briefly when we were walking in, but maybe you can  
6 recap. We were kind of, I guess, taken by  
7 surprise, if I'm not mistaken. Somewhat taken by  
8 surprise by an article that appeared late yesterday  
9 afternoon. It was in Newsday. Was it reported  
10 anywhere else? I don't even know. It concerned  
11 Bethpage Park and potential contaminants and  
12 contamination there. It took us by surprise. I  
13 think what I would like you to do, John -- I read  
14 the article and I was having a little trouble  
15 piecing together what was happening, where it was  
16 happening, when it was happening.

17                   Maybe if you just summarize the article  
18 for us and give us any reaction that you have in  
19 your professional opinion because we have gotten a  
20 number of calls this morning from residents who  
21 also are trying to figure out what's going on.

22                   MR. ELLSWORTH: The article had a  
23 little clip on the front page, so Newsday  
24 considered it an important story.

25                   What happened was, the Newsday reporter

1 indicated that she had heard that there was dumping  
2 of drums in Bethpage Community Park as reported by  
3 a whistleblower who wished to remain anonymous.

4 The first we found out about this  
5 whistleblower incident is when we got a call very  
6 late on Friday asking to comment on it. Then, the  
7 article appeared in today's paper.

8 SUPERVISOR VENDITTO: For those of you  
9 who are not aware, we are talking about Bethpage  
10 Community Park located on Stewart Avenue in  
11 Bethpage the site of the Ice Rink. Many of you are  
12 probably familiar with it.

13 MR. ELLSWORTH: As you indicated,  
14 Mr. Supervisor, the article is very vague about the  
15 particulars of where the drums were allegedly  
16 found, how many there were, that sort of thing.  
17 But I -- as you are aware, the Town undertook a  
18 major remediation before they constructed the Ice  
19 Skating Rink and removed a lot of stuff that was  
20 dumped by the former owner of the property before  
21 the Town took over in the '60s. Grumman Aerospace  
22 used this as a dumping ground.

23 Material in the area that was going to  
24 be redeveloped was excavated. A lot of stuff was  
25 removed from the park and I confirmed with H2M this

1 morning that that area included drums that were  
2 removed.

3 So we're not sure if that's the area  
4 this guy was talking about. We have no details  
5 other than what's vaguely reported in Newsday.

6 Also, it's interesting that we verified  
7 with the project manager for the DEC overseeing the  
8 remediation of Bethpage Community Park up in  
9 Albany, he was not aware of this thing until it  
10 came out in the media today. I'm a little taken  
11 back by the fact that the Bethpage Water  
12 District -- the way article is reported, I don't  
13 know if it's true -- was aware of it before the  
14 Town was aware of it and they reported it to the  
15 DEC. That's what looped back to Newsday and nobody  
16 thought to call the Town other than the Newsday  
17 reporter.

18 SUPERVISOR VENDITTO: I clearly don't  
19 have the expertise that you have. I'm going to  
20 over simplify it. I don't want to embarrass  
21 myself. So we could be dealing with a very real  
22 situation. We could be dealing with a situation  
23 that perhaps was resolved a long time ago, but  
24 nobody is aware it's been resolved. It's like when  
25 you forecast snow, we can get anything from one

1       inch to three feet. So we really don't have any  
2       sense of whether or not we're dealing with a very  
3       serious matter that may have very well been  
4       resolved in the past. We just don't know.

5                   MR. ELLSWORTH: Right.

6                   But it's important to recognize that  
7       Bethpage Community Park is among one of the most  
8       investigated, 18-acre parcels in all of Long  
9       Island. So it seems unlikely that there was  
10      dumping there that hasn't already been identified  
11      in one of the prior reports. The ball field area  
12      is closed off to the public and there was dumping  
13      in that area. That was extensively investigated  
14      and remediation of that location is pending.

15                  And as I mentioned previously, the area  
16      where the new Skating Rink is was investigated and  
17      already remediated by the Town.

18                  SUPERVISOR VENDITTO: Are there are any  
19      Board members that --

20                  COUNCILMAN PINTO: The only thing that  
21      I want to add -- and I look at Andy -- with regard  
22      to the Rink, I think we even exceeded the limits on  
23      how far we had to dig just to be sure.

24                  MR. ELLSWORTH: Yes, the Town went  
25      beyond what the State said was the minimum that

1 they needed to remediate and took more stuff out  
2 and went to a higher level of cleanup.

3 SUPERVISOR VENDITTO: Are there any  
4 residents here this morning who are interested  
5 about the Bethpage issue?

6 UNIDENTIFIED SPEAKER: I just want to  
7 know, what are the plans going forward?

8 SUPERVISOR VENDITTO: We haven't gotten  
9 to that yet. But what I was going to suggest to  
10 John is, obviously, we need to be on this like  
11 yesterday.

12 MR. ELLSWORTH: Sure.

13 SUPERVISOR VENDITTO: I think you have  
14 to reach out to all the parties involved starting  
15 with the Water District and find out what the heck  
16 is going on in plain English. I don't know that  
17 there's anything to talk about by way of  
18 remediation because we don't even know if there's a  
19 problem yet.

20 Let me ask you this because it's going  
21 to be on everybody's mind; let's assume that we  
22 move quickly this morning and I assume people are  
23 already on this thing, there's dialogue going on?

24 MR. ELLSWORTH: Yes.

25 SUPERVISOR VENDITTO: In terms of time,

1 we would like you to find out something today.

2 Is this going to require research that  
3 might not yield an answer so readily or --

4 MR. ELLSWORTH: We are hoping, once we  
5 make a few phone calls, we can have somebody look  
6 back into the whistleblower and he or she can  
7 remain anonymous and to find out whether -- what  
8 they're talking about is the area that was already  
9 remediated because that would close it out  
10 completely. Or if it's in the ball field area, we  
11 know what's in there. So if it's somewhere other  
12 than that, then we have to look further.

13 SUPERVISOR VENDITTO: There are  
14 potentially some very calming outcomes, but we  
15 can't be unmindful of the fact that there could be  
16 serious problems.

17 Bob? Yes, Bob.

18 MR. FREIER: Being that we don't really  
19 know, I would urge an abundance of -- why not shut  
20 that down now until you know because God forbid  
21 there is stuff there. You know, people have  
22 already potentially been exposed and shut it down  
23 and find out if it's true or not.

24 SUPERVISOR VENDITTO: You and I had  
25 this discussion. This is already under

1 consideration. I don't want to do it from the  
2 Board at this time. I would like to get more a  
3 little more information about what we are dealing  
4 with, but that's a very strong possibility.

5 In fact, if anybody recalls, we came  
6 under pretty sharp fire for -- everybody thought we  
7 were reacting prematurely 12, 15 years ago, in the  
8 early 2000s, when we closed the whole park. So we  
9 are mindful of it. You may even hear something  
10 before the meeting is out.

11 John, what I'm going to ask you to do  
12 is, stay so close to the dialogue. Even while we  
13 are here, if there is any breaking news, don't  
14 hesitate to interrupt.

15 MR. FREIER: Just another question; why  
16 is it an outside consultant working on it? There's  
17 no one in the Town that is capable of doing that  
18 investigation?

19 SUPERVISOR VENDITTO: I don't know the  
20 level of expertise that is required for this and  
21 the extent of the manpower or -- we just don't have  
22 the wherewithal to do that. This is not something  
23 you can get wrong.

24 The Town -- you know what's amazing?  
25 The Town, we have great resources in so many ways

1 and such limited resources in other ways. What  
2 would be the point of having an EPA or a DEC if the  
3 Town of Oyster Bay has the capacity to do all this  
4 work.

5 Obviously, this takes a lot of  
6 manpower, a lot of manhours and a lot of expertise  
7 which we certainly don't have the wherewithal, but  
8 we do have people who take input, starting with  
9 yourself as a consultant, plus our internal people  
10 who can interpret the information that's given to  
11 us so we can make informed decisions.

12 All right.

13 Does anybody else have any comments or  
14 questions?

15 (No verbal response.)

16 SUPERVISOR VENDITTO: John, thank you  
17 very much. Again, don't hesitate to interrupt.

18 Mr. Altadonna, if we can proceed with  
19 the call of the Regular Action Calendar.

20 MR. ALTADONNA: May I have a motion  
21 adopt Resolution Nos. P 6-16 and TF 7-16?

22 Personnel Resolution Nos. P 6-16 to  
23 P -16 and PA -16 to PA -16; Resolutions related to  
24 personnel of various departments within the Town of  
25 Oyster Bay.

1                   Transfer of Funds Resolution No.  
2           TF 7-16; Resolution relating to Transfer of Funds  
3           within various departments accounts for the Year  
4           2016.

5                   On the motion?

6                   COUNCILMAN MUSCARELLA:   So moved.

7                   COUNCILMAN COSCHIGNANO:   Seconded.

9           Councilman Muscarella, seconded by Councilman  
10          Coschignano.

11                   On the vote, Supervisor Venditto?

12                   SUPERVISOR VENDITTO:   I vote "Aye."

2 On the motion?

3 COUNCILMAN MUSCARELLA: So moved.

4 COUNCILMAN COSCHIGNANO: Seconded.

5 MR. ALTADONNA: Supervisor, you have  
6 speakers on 190, 194, 204, 205, 296, 207, 208.

7 SUPERVISOR VENDITTO: On 190, 194, 204,  
8 205 and 206, Bob Freier and Paul Molinari, you go  
9 after Bob.

10 MR. FREIER: Good morning.

11 On 190, first question is, was that --  
12 I see that's a previous contract that was -- or an  
13 agreement that was done with Andrew Mel Kenny; is  
14 that right.

15 SUPERVISOR VENDITTO: Yes. You're on  
16 190?

17 MR. FREIER: Yes.

18 Was that contract -- for those  
19 services, were they bid out?

20 SUPERVISOR VENDITTO: I don't think  
21 they were subject to bidding. They're subject to  
22 request for proposal. It's a professional service  
23 contract, so it's subject to request for proposal.

24 MR. FREIER: So requests for proposals  
25 were put out and you received from multiple people

1 who are capable of doing that?

2 SUPERVISOR VENDITTO: Correct.

3 MR. FREIER: What is the service that  
4 he is actually providing?

5 SUPERVISOR VENDITTO: I can tell you  
6 firsthand what my involvement has been. Maybe  
7 others can probably expand on it. Mel Kenny, as we  
8 call him, is a former high-ranking police -- I  
9 don't want to say executive, but he was a chief.  
10 He was one of the chiefs of the police department  
11 in Nassau County with many, many years of  
12 experience. So upon his retirement, he continued a  
13 role of function that we had in this Town and the  
14 position became available upon the passing of  
15 Donald Kane, former Commissioner Kane.

16 The role, from my perspective, is a  
17 very valuable role. In fact, we only employed it  
18 just about a week or two ago when we had that Trump  
19 rally. He is, in fact, the liaison between the  
20 Town of Oyster Bay and the Nassau County Police  
21 Department. He probably knows his way around the  
22 Nassau County Police Department as well as anybody.  
23 So whenever we need to access them, typically in an  
24 emergency situation from my perspective, just  
25 generally, when we need to coordinate, open the

1 lines of communications between the two entities,  
2 that being the Town of Oyster Bay and the Nassau  
3 County Police Department, Mel is the go-to guy. I  
4 must tell you that that interaction occurs, my  
5 goodness, quite frequently.

6 MR. FREIER: This has nothing to do  
7 with --

8 SUPERVISOR VENDITTO: Let me just  
9 finish.

10 Planning and Development people are out  
11 all hours of the day and night. When you hear  
12 things about building fires and problems,  
13 overcrowding conditions, we very frequently need  
14 the police department. They also need our  
15 assistance when they are busting, I guess,  
16 properties where there are problems, somewhat of a  
17 criminal nature and this goes on week in and week  
18 out, month in and month out on a fairly regular  
19 basis. So Mel's role is very, very important in  
20 terms of coordinating and also he knows where all  
21 the buttons and levers are. We don't waste time.  
22 He knows who to go to when we need that interface.

23 MR. FREIER: I read that it talked  
24 about something with Homeland Security and it seems  
25 to indicate that perhaps he was doing some kind of

1 training for public safety.

2 SUPERVISOR VENDITTO: He might be. I  
3 was telling you about Mel's role from my  
4 perspective and that's the most valuable -- that's  
5 the value I see in Mel based upon my own  
6 interaction. I don't know what's going on. If  
7 there's any Public Safety people out there who can  
8 help me with other things Mel does? Barry, Deputy  
9 Commissioner Bree, what do you know?

10 MR. BREE: On the Homeland Security  
11 side, he is very helpful. He attends a lot of  
12 state and Nassau County, Suffolk County meetings.  
13 He brings myself and Commissioner McCaffrey to some  
14 of those meetings. We've now started training  
15 class. We have an inside security officer. We  
16 save a fortune on that by using him to train our  
17 people in active shooting and various other things.

18 Mr. Supervisor has mentioned, there's  
19 very little amount of money that this man gets per  
20 year. This was an RFP that was put out and four  
21 people had responded to the RFP. This is the  
22 second contract renewal of that RFP.

23 MR. FREIER: Thank you.

24 My other question regarding that is I  
25 noticed you're approving the date sort of

1 retroactively to September of last year. Why is  
2 it -- why are we -- why is the Board approving from  
3 so long ago? Shouldn't that have been contracted  
4 out.

5 SUPERVISOR VENDITTO: Was the contract  
6 up, Len? Why are we doing that? Can somebody help  
7 me out? Why is it, Barry?

8 MR. BREE: There was a problem with the  
9 actual signed contract and that was internal and  
10 Public Safety's fault, the way we handled the  
11 paperwork. That contract has been set for that  
12 three-year period. There's nothing other than us  
13 doing a paper contract and made us have to go back  
14 and have the contract resigned and done over again.

15 SUPERVISOR VENDITTO: The contract  
16 wasn't extended.

17 MR. FREIER: On 194, Dynamic  
18 Entertainment, I noticed we used them for many  
19 years. They provided good service for the  
20 festivals at the parks and things like that.

21 But is that contract bid out with them?

22 SUPERVISOR VENDITTO: Yes.

23 MR. FREIER: This was not just a  
24 renewal?

25 SUPERVISOR VENDITTO: I don't believe

1 it's renewal. I believe it's bid out every time we  
2 have an event.

3 Am I correct?

4 MS. MASCIA: It's in-house procurement  
5 policy.

6 SUPERVISOR VENDITTO: How is it done?

7 MR. GENOVA: I think pursuant to our  
8 procurement policy -- I have to check. Depending  
9 upon the dollars amounts, when it's under 20,000,  
10 our policy requires you to get X-number of quotes.

11 SUPERVISOR VENDITTO: You still need --  
12 it follows the general municipal law and all the  
13 recommendations.

14 MR. GENOVA: And the procurement policy  
15 adopted by the Town for services under 20,000.

16 MR. FREIER: Thank you on that one.

17 On 204 and 205, can you explain the  
18 revenue anticipation notes and what they're being  
19 used for and then on 205, the tax anticipation note  
20 and what they're being used for.

21 SUPERVISOR VENDITTO: Actually, I  
22 believe they are not -- I'm not going to -- I had a  
23 briefing on it over the past couple days. I think  
24 it might be better if everyone heard what I heard.  
25 I actually got my briefing from Rob.

1 Rob, why don't you give the same --  
2 because you did it so well -- give a briefing to  
3 the audience that you gave to me about what's  
4 happening with the RAN and TAN.

5 MR. DARIENZO: The budget has revenue  
6 and expenses. The Town prides itself on paying its  
7 expenses as they come in.

8 Unfortunately, not all our revenues  
9 come in such a timely fashion. So these two  
10 resolutions allows us to borrow (inaudible) -- pay  
11 our bills on time.

12 MR. FREIER: My question is, what are  
13 each of them being used for?

14 MR. DARIENZO: The revenues are --  
15 there's \$10 million for RANS. That's for Nassau  
16 County's mortgage tax and sales tax. It's due  
17 quarterly and they have been slower and slower  
18 getting that money to us. The \$20 million in TANS  
19 relates to tax money due to us from the Sanitation  
20 and Waste Districts where they need it for  
21 lawsuits. There might have even been a tentative  
22 agreement reached in the past week.

23 MR. FREIER: None of them are being  
24 used as operating expenses of the Town, payroll,  
25 for example or anything else?

1 MR. DARIENZO: Correct.

2 MR. FREIER: Thank you.

3 SUPERVISOR VENDITTO: Bob, the simplest  
4 thing to do is -- let's say, an item is \$20,000 for  
5 argument's sake --

6 MR. FREIER: I understand.

7 SUPERVISOR VENDITTO: I should pay you  
8 by June 1st.

9 By June 1st, I don't give you the money  
10 and you go out and borrow the money. Later, I give  
11 you the money and then you pay. It's that simple.

12 MR. FREIER: The taxes come in at a  
13 certain date and you need to pay it before that  
14 date.

15 SUPERVISOR VENDITTO: It's a timing  
16 thing.

17 MR. FREIER: 206, what is the dog  
18 grooming service?

19 SUPERVISOR VENDITTO: You and I --

20 COUNCILWOMAN ALESIA: I can tell you.

21 SUPERVISOR VENDITTO: I'm going to give  
22 you -- what's worrying me, prior and I --

23 COUNCILWOMAN ALESIA: I happen to know  
24 this because recently there was -- the Town of  
25 Oyster Bay Animal Shelter listed that there had

1       been a stray dog found in the preserve and there  
2       was a picture of it. It was like a little Maltese  
3       and it was all -- it was really, like,  
4       heartbreaking. The fur had grown in. So I went to  
5       see it because we have a small dog in our house and  
6       I thought, maybe a friend. When I went, it looked  
7       like a different dog. It had been cleaned up,  
8       bathed. His hair had been cut. It had some teeth  
9       cleaned, nails clipped. Dogs, when they're found  
10      stray, can be in very bad shape. So we have the  
11      services of a dog groomer, not to poof up poodles,  
12      but to clean up dogs who are found stray and need  
13      cleaning and sanitary grooming.

14                 MR. FREIER: I was -- also in there,  
15      there was something about geese patrol under the  
16      same resolution.

17                 COUNCILWOMAN ALESIA: So the Geese  
18      Peace Program, I don't know if you're familiar with  
19      it, but we have Border Collies who run on the golf  
20      course and some other places. It's a very  
21      effective and humane way of controlling the geese  
22      population. I guess if I was a goose, I might not  
23      feel that way. They patrol. And those dogs, also,  
24      need occasional bathing and grooming. Although, I  
25      believe do they live in the shelter. It doesn't

1 matter. In any event, they require sanitary  
2 grooming. We're not showing them.

3 MR. FREIER: I understand. I was  
4 curious what the geese -- thank you very much.

5 SUPERVISOR VENDITTO: I think  
6 intermittently some of the geese dogs live --

7 COUNCILWOMAN ALESIA: Live with the  
8 trainers. It's a very cool program.

9 SUPERVISOR VENDITTO: By the way, just  
10 a simple plug, you know, we have an animal shelter  
11 in the Town of Oyster Bay which is very highly  
12 regarded. It's a very state-of-the-art animal  
13 shelter. If a dog has to be in a shelter, it's a  
14 better shelter to be in than some of the other  
15 conditions that you see elsewhere. I think we have  
16 it air conditioned. It's not a country club, but  
17 it's a comfortable place where pet owners and pets  
18 themselves need not be frightened.

19 Some of the terrible things -- I'm not  
20 going to get graphic -- you probably all read, I  
21 think in just the past few days, a terrible story,  
22 something that happened with a dog about a year ago  
23 and the anniversary came about. Some of the  
24 terrible things that we see are really, really  
25 heart wrenching. It's beyond explanation. I don't

1 know what -- in my mind, if somebody does that to  
2 an innocent pet, I don't know if they would stop  
3 there. I don't know how many of you watch the show  
4 Criminal Minds. I'm getting a little far afield  
5 here, but many, many times some of the behavior of  
6 what people do to other people starts when they  
7 were younger and doing crazy things. Some of the  
8 heartbreaking stories that we see -- anybody who is  
9 in a position, if you got an extra dollar, \$5, it  
10 doesn't have to be \$1 million -- all these wealthy  
11 people get involved, but you go online, find a  
12 charity, a reputable charity, ASPCA or even some of  
13 the smaller homes. I don't know -- rescue  
14 agencies, you know, 50 cents, \$1, \$2, \$5, they  
15 really can do a lot with it. I know some of us are  
16 really not in a position to do a whole lot, but you  
17 will be amazed what a couple of bucks can mean if  
18 we all did it. I'm telling you if you saw some of  
19 the things that we see at the animal shelter, you  
20 would be running to that computer right away making  
21 contributions. We should all be doing that if we  
22 can.

23 Paul Molinari, you are up.

24 Is that an Islanders shirt you're  
25 wearing?

1 MR. MOLINARI: Yes, I am.

2 SUPERVISOR VENDITTO: I have to tell  
3 you something. I have been an Islanders fan for  
4 many years, but I haven't been watching much this  
5 season. I met him once. He came to our Bethpage  
6 Ice Rink, John Tavares. I was so impressed. I  
7 really haven't followed as closely as I should. He  
8 really is -- he's got to be in the top five. He's  
9 really a very, very smart, sharp player. Very  
10 impressive. Let's go Islanders. Let's go Paul  
11 Molinari.

12 MR. MOLINARI: Good morning.

13 My questions on 204 were answered, but  
14 in relation to 208, you know, I'm no municipal  
15 financing expert. Over the last few years, I  
16 noticed -- I want to make a few statements about  
17 some observations and then I have a couple of  
18 questions.

19 I may not have the exact year, but this  
20 is the best of my recollection. In 2012, there was  
21 an early retirement incentive to close the budget  
22 shortfall. In 2013, it was the sale of the Town  
23 property to close the budget shortfall and provide  
24 \$9 million. 2004, there was a 8.2 percent tax  
25 increase to close the budget gap. 2016, the

1 utilities tax settlement which will prevent us from  
2 borrowing on a short-term basis. Each year, the  
3 budget is passed as balance.

4 So it brings me to the questions, why  
5 is it reported that in 2014, there's an approximate  
6 \$15 million deficit? Why are we settling utilities  
7 tax complaint for \$9 million less than what we  
8 already paid to the utilities? What controls does  
9 the Town have to monitor our expenditures as the  
10 departments are not exceeding their budget?

11 SUPERVISOR VENDITTO: Gentlemen, you  
12 heard the questions. Bob and Rob, we will go  
13 through each question one at a time. The economic  
14 state of the Town, it's no secret. We are asset  
15 wealthy and --

16 MR. MOLINARI: Cash poor.

17 SUPERVISOR VENDITTO: I don't want to  
18 use the word poor.

19 But figuratively speaking, like so many  
20 municipalities, we see cities, counties and towns  
21 actually go bankrupt. And nations. So like every  
22 municipality, our position isn't terribly -- in the  
23 Town of Oyster Bay, we didn't just get here last  
24 year even within the last five years or ten years.

25 When I first became Supervisor and a

1 number of these council people -- Councilman  
2 Muscarella was here. Were you here? Some of the  
3 Councilmen were here and others joined as the years  
4 went by. I don't know how many people are aware --  
5 hey, Bob, during the '90s, did we cut the tax base  
6 of this Town by almost one-third or at least  
7 one-fourth?

8 MR. MCEVOY: Yes.

9 SUPERVISOR VENDITTO: All through the  
10 '90s, you can't forget that. I became the Town  
11 Supervisor on January 1, 1998. I don't mean to  
12 sound offensive. Facts are what they are.

13 At that point in time, in the prior  
14 seven or eight years, we had cut the tax base in  
15 this Town, for whatever the reasons were, by, I  
16 think, somewhere in the range of 25 to 30 percent.  
17 That set in motion forces that, you know, are hard  
18 to get the horse back in the barn. We did very  
19 well. We were moving along, still always mindful  
20 that we're walking on the edge.

21 On the other hand, you have an  
22 infrastructure, that for thirty years, we're almost  
23 painting our roads. We're not really doing -- what  
24 was it, slurry seal? We really weren't doing the  
25 road work properly. We were doing it cheaply, but

1 not properly. Our parks were in a state of  
2 deterioration. You have an infrastructure that  
3 potentially -- I don't have to tell you what  
4 happened -- there's a lot of judgment calls made.

5 Looking back, would I have done it  
6 exactly the same? Probably not. Hindsight is  
7 wonderful, but I don't know what price do you put  
8 on the environment, the Town's infrastructure, the  
9 quality of life in this Town, protecting the  
10 property values and things of that nature.

11 That was the investment and I'll take  
12 the heat. It's neither here or there. Then, along  
13 came 2008 and we were -- people keep saying, why do  
14 you keep blaming 2008. It's not just 2008. When  
15 you study where you are at any point in time,  
16 there's a history. And cutting your tax base by a  
17 third of a quarter and burying that as your first  
18 budget, those are tough things to overcome. We did  
19 to a point. We had a lot of setbacks in the '07,  
20 '08, '09 range. And our mortgage tax revenue  
21 dropped from high of 24 million down to a low of 8  
22 or 9 million. In a Town this size, with a budget  
23 this size, that's devastating. We're still reeling  
24 from all these things.

25 But in the long haul, I still believe

1 we made the right investments and the day will come  
2 where we are here and the budget will be where it  
3 should be and cash flow will be better in the next  
4 few years.

5           You know what? We won't be saddling  
6 the Town whose parks -- whose children are still  
7 playing on ball fields with cut glass and cigarette  
8 butts. You won't have to fear for your axle when  
9 you're driving on most of our roads. I know there  
10 are still problems out there. I get it. But we  
11 will continue to have the finest parks in the State  
12 of New York and that includes the beaches and all  
13 the other recreational activities.

14           I know people poo-poo it. They do.  
15 But I don't think they understand -- people who do  
16 that, they don't understand. If the residents are  
17 called upon, for example, to participate in a  
18 2 percent or 8 percent tax increase over the years,  
19 I don't know if they understand what all of that  
20 work does, not just to their quality of life, not  
21 to have the greatest park for your kids to play in  
22 or to go ponder in the ultimate reality, but what  
23 it does to property values.

24           Does anybody realize that time and time  
25 again and survey after survey, especially those in

1 the aftermath of the census, the Town of Oyster Bay  
2 enjoyed property value increases. I'm not taking  
3 about five and ten acres. I'm talking about 60 by  
4 100 or 80 by 100 where folks like me and others  
5 here live. Like five and ten times the amount of  
6 increase of property values than other surrounding  
7 areas. So you have to factor that in.

8 Yes, it's about money. But it's not  
9 always all about money. There's something called  
10 investing in the future of the Town. And I think  
11 this Town has done it and I think, for the most  
12 part, the residents have been very supportive of  
13 the efforts. When the rainy day comes along, we do  
14 need to make adjustments. We need to, maybe, spank  
15 ourselves. Maybe we're not perfect. But now you  
16 raised that issue.

17 So why don't you go through your  
18 questions to the Comptroller and the Director of  
19 Finance?

20 MR. MOLINARI: The questions were, why  
21 was there a \$15 million deficit in 2014? Why are  
22 we settling utilities dispute for \$9 million less  
23 than what we paid for utilities?

24 The last question is, what controls  
25 does the Town have in place to monitor expenditures

1 so the budget isn't exceeded until you don't found  
2 until the fiscal year is closed?

3 MR. McEVOY: It was -- again, it was  
4 revenues that were budgeted to knock --  
5 expenditures were on or about schedule, but debt  
6 service was increased over --

7 MR. DARIENZO: We paid down principle  
8 on debt service more than required in effort to  
9 lower (inaudible).

10 Also, there was revenue budget that did  
11 not come in. So between those factors, we had a  
12 negative result of operations in 2014.

13 MR. McEVOY: What's in place now to  
14 ensure expenditures don't over budget? In order to  
15 pay an expenditure, it has to be encumbered. It  
16 can only be encumbered when there are funds in the  
17 budget.

18 So, that's been monitored and we keep  
19 track of that and inform the departments to try  
20 shutting down nonemergency expenditures into the  
21 fourth quarter. It would have to be reviewed, if  
22 the money is there. They can't just spend it for  
23 the sake of spending it. They have to go through a  
24 separate process other than just the normal  
25 operations. We are looking at that.

1 MR. DARIENZO: We are meeting with the  
2 departments on a monthly basis to cover their  
3 budgets. Now that council people who are  
4 (inaudible). There's more eyes on the budget more  
5 often than none.

6 COUNCILWOMAN ALESIA: With respect to  
7 the second question, as Rob just pointed out, we  
8 are now, as council people, liaisons to the  
9 departments.

10 I'm the liaison to the Town Attorney  
11 and Councilman Pinto who also is the liaison for  
12 the Comptroller may also want to respond. But just  
13 on a general level, there are always vagaries  
14 involved in litigation. So settling, if you had  
15 not settled it, the case could have pended for a  
16 long time which would incur legal fees.

17 Additionally, you don't know what end  
18 result you're going to get in court. We think we  
19 have the right decision. We believe that we are  
20 owed the money. The County believes they're owed  
21 the money. So who knows how it will end. So a  
22 good settlement, as you're aware, is one where you  
23 can make a compromise and both sides walk away a  
24 little bit dissatisfied. That's what we look for  
25 in legal practice. That's what we look for in

1 arbitration and that's what we did here.

2 COUNCILMAN PINTO: I think that what we  
3 are missing is, settle judgment that we obtained  
4 was only for 24.7.

5 Is that accurate?

6 SUPERVISOR VENDITTO: What Joe means  
7 is, the amount that it's been reduced for judgment  
8 is 24.7.

9 COUNCILMAN PINTO: Right. The judgment  
10 settlement is 24.7. When you get 26, 27 million,  
11 that has to include some other things as well.

12 SUPERVISOR VENDITTO: I don't mind  
13 telling you and this is not a knock against the  
14 County. We're all looking -- I don't mean to be  
15 talking down. I forget myself from time to time.  
16 These are the same taxpayers.

17 You know what? I'm not trying to be a  
18 wise guy, but whether the Town of Oyster Bay is  
19 adversely impacted and they go into your pocket or  
20 whether the County is adversely impacted and they  
21 go into your pocket, it's the same taxpayers. It's  
22 not a shell game, but we have two governments that  
23 need to run and run well. It's a tug-of-war  
24 between the Town and County.

25 One way or the other, it's the same

1 residents that are involved. It's not a double  
2 situation that's going on here.

3 Rebecca and Joe, I can't say -- as  
4 Rebecca said, there are vagaries. Who knows what's  
5 going to happen. I don't mind telling you that the  
6 County -- and I don't blame them one bit -- they  
7 need to protect their treasury as well. They're  
8 saying, hey you know what, you don't take this, I  
9 don't know, we may want to appeal this. Maybe in  
10 five years, we will see you down the line.

11 In the meantime, we do have cash flow  
12 situations that need to be addressed as you heard  
13 from the RAN and TAN. And \$26 million is a lot of  
14 money.

15 MR. MOLINARI: Yes, it is. It's  
16 more -- the judgment was less, so thank you for  
17 providing that information.

18 SUPERVISOR VENDITTO: Anything else we  
19 can do for you?

20 MR. MOLINARI: 207, that's the one with  
21 the ground water treatment facility. I would like  
22 to know where that treatment facility is located.  
23 What pollutants is the facility treating and are  
24 the results of the discharge available on the Town  
25 website?

1 SUPERVISOR VENDITTO: I think -- I  
2 could be wrong. I'm doing this from memory.

3 John, is this LKB?

4 MR. ELLSWORTH: Old Bethpage.

5 SUPERVISOR VENDITTO: This is still  
6 under the same order?

7 MR. ELLSWORTH: This is ground water  
8 contamination from both the Bethpage Landfill and  
9 also from another private facility that's further  
10 to the north. What's the name? Nobody -- oh,  
11 Claremont Polychemical. The Town has an agreement  
12 with the DEC where the DEC is contributing to the  
13 Town's operation for the private facility's  
14 operation because it's in the super fund. I do not  
15 know what the contaminants are, but I can look when  
16 I'm looking for the other thing for you.

17 MR. MOLINARI: What about the discharge  
18 results, is that available?

19 MR. ELLSWORTH: It's not on the Town  
20 website. We certainly can get that information for  
21 you.

22 MR. MOLINARI: Thank you very much.

23 SUPERVISOR VENDITTO: Okay, Paul.

24 Go get them Wednesday night.

25 All right. Mr. Altadonna, we are back

23 ended December 31, 2014. (M.D. 4/12/16 #20).

23 MR. ALTADONNA: Motion made by

1                   On the vote, Supervisor Venditto?  
2                   SUPERVISOR VENDITTO: I vote "Aye."  
3                   MR. ALTADONNA: Councilman Muscarella?  
4                   COUNCILMAN MUSCARELLA: "Aye."  
5                   MR. ALTADONNA: Councilman Coschignano?  
6                   COUNCILMAN COSCHIGNANO: "Aye."  
7                   MR. ALTADONNA: Councilman Pinto?  
8                   COUNCILMAN PINTO: "Aye."  
9                   MR. ALTADONNA: Councilwoman Alesia?  
10                  COUNCILWOMAN ALESIA: "Aye."  
11                  MR. ALTADONNA: Motion to adopt  
12                  Resolution No. 212-2016 passes with five "Ayes."  
13                  Our calendar is complete.  
14                  SUPERVISOR VENDITTO: Thank you,  
15                  Mr. Altadonna.  
16                  By the way, I know a lot of people --  
17                  this country was born in a tax revolt. I hate  
18                  taxes. I'm sure everybody in this room hates  
19                  taxes. April 15th just passed.  
20                  I always like to point out at this time  
21                  of the year, when you look at your tax  
22                  obligations -- and this is not something you hear  
23                  officials say. You may want to throw something at  
24                  me. But when you look at your tax obligations to  
25                  the federal government and the state government, to

1 your local school districts and other taxing  
2 authorities that have their hand in your pocket, I  
3 urge you, I urge you, I beg you, I plead you to  
4 take out your town tax bills. I'm not going to do  
5 it. I do it every year. I know some of the  
6 electives will fall asleep if I do it. Take out  
7 your Town tax bill and look at what you are getting  
8 from the Town of Oyster Bay and what you are paying  
9 as opposed to the obligations that you have to all  
10 those other levels of government. I implore you to  
11 do it. You would be absolutely amazed. I'm not  
12 going to say you're going to be happy, but you  
13 would be absolutely amazed to know that your  
14 money -- you're being taxed wisely and the money is  
15 being spent reasonably in the Town of Oyster Bay.  
16 It's relatively -- and I underscore the word  
17 relatively -- a small portion of your overall tax  
18 obligations including income tax and real property  
19 tax. It will surprise you.

20 Before we close the meeting, we have  
21 special counsel or outside counsel waiting to meet  
22 with us in executive session. We are going to be  
23 doing that.

24 COUNCILMAN MUSCARELLA: Supervisor,  
25 I'll move that this Board goes into Executive

1 Session to discuss matters leading to the  
2 promotion, discipline, suspension, dismissal or  
3 removal of a particular person.

4 COUNCILMAN COSCHIGNANO: Seconded.

5 SUPERVISOR VENDITTO: All in favor?

6 ALL: "Aye."

17 continue.

18 COUNCILMAN MUSCARELLA: Supervisor,  
19 I'll make a motion to close the executive session.  
20 No action was taken.

21 COUNCILMAN PINTO: Seconded.

22 SUPERVISOR VENDITTO: All in favor?

23 ALL: "Aye."
