Your Guide to Summer Fun

SUMMER PROGRAM 2016

A Message from Town Supervisor

JOHN VENDITTO

Dear Neighbor,

Welcome to the Town of Oyster Bay's 2016 Summer Program. Even at a brief glance you'll find a wealth of enjoyable cultural, sports and recreational activities we're sure will guarantee you a fun and memorable summer.

The Department of Community and Youth Services has planned outstanding programs and events for our residents of all ages to enjoy. From our children's programs to summer events and field trips for seniors, there is fun for everyone.

The Parks Department has done an excellent job preparing acres of park land and sandy beaches to provide the ideal settings for a summer of non-stop outdoor enjoyment. There are so many opportunities for recreational fun at our parks, ranging from swimming to year round activities such as ice skating at the Ice Skating Center in Bethpage. In an effort to help residents get the most of their leisure time, the Recreation Division has some terrific programs aimed at all ages and interests.

My fellow Town Board members and I take pride in the Town of Oyster Bay's summer recreation and cultural programs, which are among the finest on Long Island. The Town of Oyster Bay will continue our long-standing track record of providing Town residents with the very best in recreational services. This year, make the Town of Oyster Bay your "Staycation" Destination. Here's to having a fun and healthy summer.

Sincerely,

Town Supervisor

GAP - Group Activities Program

GAP is a Town-sponsored program, partially funded by the New York State Office for People with Developmental Disabilities, Family Support Services and the New York State Office of Children and Family Support Services. Founded in 1967, it operates under the auspices of the Department of Community & Youth Services as part of the Division of Handicapped Services. The day camp operates under permit from the Nassau County Health Department.

Summer Day Camp

The GAP Summer Day Camp is a social recreation program for Town residents 5-21 years old who are developmentally disabled, learning disabled, mentally challenged and autistic.

Held Monday through Friday, starting July 5th and ending on August 12th, from 10 a.m. to 3 p.m. at Syosset-Woodbury and Marjorie R. Post Community Parks. A two-week vacation day program for working adults over 21 years of age is also available.

Summer Evening Programs

For ages 16 and older, Tuesday and Thursday evening programs will commence July 5th and July 7th, and will end August 9th and August 11th. Programs are from 6:30 p.m. to 9:30 p.m.

Participants Must Be:

- Residents of the Town of Oyster Bay
- Diagnosed as developmentally disabled and enrolled in a special education program
- Fully toilet trained
- Free of any physical or behavioral problems that require excessive individual attention or that may be harmful to themselves or others

Applicants Must Provide:

A completed application signed by a parent or guardian and a yearly medical and immunization form provided by the participant's physician. This is required for all Summer Day Camp participants.

New applicants must attend an intake conference with the **GAP** Director, who will explain the program, answer any questions, determine if **GAP** is appropriate for the child and explore how **GAP** can best meet the child's needs.

Organized recreational activities are varied and include arts & crafts, swimming, sports, group games, music, weekly trips and more.

GAP's focus is "group activity." Participants are encouraged to become comfortable interacting with peers. We endeavor to help developmentally disabled participants improve social skills and increase their possibilities for positive socialization. Many **GAP** participants have formed friendships that extend beyond the program.

GAP provides approximately a one-to-four ratio of staff (Activities Specialists and Recreation Aides) to participants. Activities Specialists are professionals who have been approved by Civil Service, with a minimum of a bachelor's degree and approximately one year of paid experience with developmentally disabled persons. Recreation Aides are most often high school or college students who are pursuing careers in the human service fields.

Participants are divided into small groups based on age, type of disability and interests. Every effort is made to group each child with others who have similar capabilities and interests.

For additional information and applications, please call the GAP office at 797-7947.
