AUTHORIZED CONTACT PERSON: Prospective firms are advised that the authorized Town of Oyster Bay contact person for all matters concerning this RFP is:

Matthew Russo, P.E., Engineering Division Head
Town of Oyster Bay Department of Public Works
150 Miller Place
Syosset, New York 11791
Telephone: (516) 677-5719
Fax: (516) 677-5940

INTRODUCTION: In accordance with the Town of Oyster Bay's qualification based consultant procurement policy, the Division of Engineering of the Town of Oyster Bay Department of Public Works (hereinafter referred to as "the Town") is seeking proposals from qualified professional consulting firms for various consulting services to be performed on an On-Call basis for the calendar years 2018-2019.

FORM OF PROPOSAL: Firms must submit four (4) hardcopies and one (1) electronic copy of each technical proposal with additional relevant information. Proposals should be organized as described in Attachment No. 1 herein.

QUALIFICATION BASED SELECTION PROCESS: The Town, after receipt and review of responses to this RFP, reserves the right to reject all proposals based upon the information provided by the firm in their proposals and based upon subsequent negotiations between the Town and the firm. The review process of the RFPs submitted is based on the qualifications of the firm for the nature of that project. The selection of the firm will be in accordance with the Town of Oyster Bay Procurement Policy procedures, and based upon a Qualification Based Selection (QBS) process. The Town also reserves the right to subdivide individual items and award one or more portions to one firm and other portions to one or more other firms.

CRITERIA FOR EVALUATION: The criteria to be used by the Town in evaluating these proposals shall be the following:

- The experience of the firm in assignments of similar size, scope and complexity
- Special knowledge relevant to the project
- Special equipment or facilities relevant to the project
- The size, staffing, resources and financial capability of the firm.

- The firm's knowledge and experience with Town facility(ies) and programs involved in the assignment.
- The firm's past performance with the Town
- Time constraints and deliverability service; and
- The firm's current workload, current workload remaining, workload remaining from prior years and total workload remaining with the Town.

It is further expressly acknowledged that the quality of the services to be rendered is of paramount importance to the Town.

USE OF SUBCONSULTANTS, CERTIFIED OUTSIDE LABORATORIES AND OTHER SUBORDINATE

ENTITIES: Prospective firms are advised that the Town will entertain proposals that include the use of sub-consultants, certified outside laboratories and/or other subordinate entities. In such event, the proposal must clearly state the extent and nature of the work proposed to be delegated to the sub-consultant, laboratory or other entity. Further, if the proposed sub-consultant is an architectural, engineering or surveying firm, the proposal must also be accompanied by a completed and current **Federal Form SF 330 (Part II)** if such form is not already on file with the Town.

FAMILIARIZATION WITH CURRENT PROGRAMS, FACILITIES AND DOCUMENTS:

It is the sole responsibility of the prospective firms to familiarize themselves with the Town's current programs, facilities, documents and any other information which is necessary and relevant to the scope of this RFP. Upon sufficient and reasonable advance notice to the contact person named above, arrangements may be made to visit and inspect any involved Town facilities and/or to view applicable documents. Any and all costs borne by the prospective proposer in familiarizing themselves with the above are to be borne solely by the prospective proposer. In the event that the prospective proposer is ultimately awarded a contract pursuant to this RFP, the Town will not allow any claims for payment which include billable time for such familiarization costs, regardless of whether they were incurred prior to or following the submission of the proposer's proposal. The firm is to provide an updated **Federal Form SF 330 (Part II)** with their submission.

PAYMENTS AND CLAIMS: Payments to the successful proposer will be made in accordance with the terms of the Town of Oyster Bay Standard Consultant Agreement to be entered into between the firm and the Town.

SCOPE OF SERVICES

ON-CALL ENGINEERING SERVICES RELATIVE TO: ENVIRONMENTAL SCIENCE

General Project Description

At any time during the contract period, the consultant may be requested to submit a proposal to perform engineering services on a task-specific basis. The scope of services anticipated during the contract period may include, but is not limited to, the following:

- Provide technical assistance to the Town for review of private project applications subject to the Town Environmental Quality Review Division.
- Perform testing and analyze data with regard to possible air pollution resulting from a site.
- Perform testing and analyze data with regard to possible contamination of groundwater and surface waters resulting from a site.
- Perform testing and analyze data with regard to possible excessive noise resulting from a site, relative to the Town Code for noise.
- Perform testing and analyze data with regard to possible soil contamination at a site.
- Performing site visits and preparation of reports advising the Town of existing or potential environmental issues.
- Preparing applications for various environmental permits.

- Assist the Town with hazardous materials management, including the inventory and permitting of Town facilities.
- Assist the Town with its STOP(Stop Throwing Out Pollutants) program for residents.
- Assist the Town with an inventory of Brownfields sites.
 - Consultant shall apply for grants through agencies such as Department of State for the inventory of sites and to provide recommendations for the development of zoning regulations, economic considerations, plans, etc. for redevelopment of Brownfields sites either publicly or privately.
 - Conduct meetings with Town Departments, local and state government agencies, civic groups, etc., to discuss Brownfield sites and possible redevelopment strategies.

- Providing advice to the Town with respect to avoiding coastal erosion, protection of natural of natural resources from severe storm events (flooding, etc.) and beach replenishment.

- Provide assistance with the Town's various Harbor Management Programs, with possible services, including:
 - Implementation of plans for selected sites that require wetland restoration throughout the harbor complex, prepare applications for funding assistance, and prepare regulatory permit applications.
 - Assist the Town in the development of a comprehensive educational program for controlling non-point source pollution.
 - Investigate the Town with water quality monitoring.
 - Assist the Town in completing the SEQRA process for its Harbor Management Plans and related documents and permits.
 - Assist the Town with its Shellfish Management Program.
 - Consult with Federal, State, County, Town, Village officials and local residents and to attend meetings, as required, to further the undertaking of the tasks outlined above.

- Coordination with Town staff for projects that may be proposed by environmental organizations, including the South Shore Estuary Reserve, Hempstead Harbor Protection Committee, Long Island Sound Study, etc.

ATTACHMENT NUMBER 1

FORMAT OF PROPOSAL

Proposals should be organized as shown below with tab dividers between sections and should include all the information indicated. Note that elaborate brochures or other presentations beyond those sufficient to present a complete and extensive response to this solicitation are not desired. Four (4) hardcopies and one (1) electronic copy shall be submitted.

SECTION A. INTRODUCTORY STATEMENT

SECTION B. QUALIFICATIONS AND APPROPRIATENESS OF PROPOSED STAFF

1. Project team.
2. Provide names and resumes of key personnel proposed for this project.

SECTION C. APPROPRIATENESS AND QUALITY OF PROPOSER'S EXPERIENCE

1. Please include experience on projects within Long Island including projects with the Town of Oyster Bay.
2. Minimum of five (5) references with contract information (recent, similar projects preferred).

SECTION D. PROPOSED METHODOLOGY

Based on the project description and scope of services, the firm should discuss how it would approach and manage the project.

SECTION E. MANPOWER COSTS

Provide a schedule with employee wage rates for the contract period.

SECTION F. WORKLOAD DISCLOSURE

Provide a chart showing current projects with the Town with remaining workload in dollars and project completion percentage.

SECTION G. SUPPLEMENTAL INFORMATION

The firm is to provide a current Federal Form SF 330 (Part II) with their submission, which will remain on file for a period of one year, per the Town's procurement policies and procedures.

Any additional information relevant to the firm's qualifications for this project may be included at the firm's option.

ATTACHMENT NUMBER 2

SPECIAL REQUIREMENTS AND MODIFICATIONS

Provisions stated under Special Requirements and Modifications shall supersede and take precedence over information provided in the preceding documents and attachments.

1. Firms must provide a Maximum Hourly Wage Rate Schedule listing job classifications. The salary of all employees proposed in the response to this RFP must be within the limits of the schedule and will be subject to the approval of the Commissioner of Public Works.
2. Payment for services shall be negotiated at the time of the task proposal submission by methods outlined in Section V of the Standard Consultant Agreement.
3. When a wage rate-multiplier payment method is utilized, payment will be made on the basis of direct salary times a multiplier of **3.0**. Direct salary shall be actual salary or compensation paid by the consultant to all personnel for the work performed by them directly related to the particular project or projects assigned exclusive of insurances, payroll taxes and all other fringe benefits. In no event (regardless of the maximum wage rate schedule to be provided in accordance with the above) shall the Town pay more than the maximum hourly limit as approved by the Town Board, currently set at **\$175/hour**.
4. The consultant will not discriminate against employees or applicants for employment because of race, creed, color national origin, sex, age, disability or marital status and will undertake or continue existing programs of affirmative action to ensure that group members and women are afforded equal employment opportunities without discrimination. The consultant shall also make reasonable efforts to encourage the participation of Certified Minority- and Women-Owned Business Enterprises as sub-consultants, and retain the documentation of these efforts to be provided upon request of the Town. A listing of contractors can be found at www.nylovesmwbe.ny.gov.
5. The consultant shall submit with its proposal a copy of its current Certificate of Authorization pursuant to Section 7210 of the New York Education Law. Consultant shall also submit with its proposal the Certificate(s) of Authorization of any sub-consultant and/or subcontractor who shall perform any professional engineering services under this RFP. Failure to submit copies of said Certificate(s) shall be grounds to reject any proposal and disqualify consultant as not meeting the necessary minimum qualifications to perform the services to be performed herein.
6. Consulting firms shall be properly staffed by licensed Professional Engineers, Land Surveyors and Registered Architects by the New York State Department of Education as required by the Scope of Services. The consultant shall submit a list of licensed Professional Engineers, Land Surveyors and Registered Architects along with their license numbers to allow for proper evaluation by the Town.
