AUTHORIZED CONTACT PERSON: Prospective firms are advised that the authorized Town of Oyster Bay contact person for all matters concerning this RFP is:

Matthew Russo, P.E., Engineering Division Head
Town of Oyster Bay Department of Public Works
150 Miller Place
Syosset, New York 11791
Telephone: (516) 677-5719
Fax: (516) 677-5940

INTRODUCTION: In accordance with the Town of Oyster Bay's qualification based consultant procurement policy, the Division of Engineering of the Town of Oyster Bay Department of Public Works (hereinafter referred to as "the Town") is seeking proposals from qualified professional consulting firms for various consulting services to be performed on an On-Call basis for the calendar years 2018-2019.

FORM OF PROPOSAL: Firms must submit four (4) hardcopies and one (1) electronic copy of each technical proposal with additional relevant information. Proposals should be organized as described in Attachment No. 1 herein.

QUALIFICATION BASED SELECTION PROCESS: The Town, after receipt and review of responses to this RFP, reserves the right to reject all proposals based upon the information provided by the firm in their proposals and based upon subsequent negotiations between the Town and the firm. The review process of the RFPs submitted is based on the qualifications of the firm for the nature of that project. The selection of the firm will be in accordance with the Town of Oyster Bay Procurement Policy procedures, and based upon a Qualification Based Selection (QBS) process. The Town also reserves the right to subdivide individual items and award one or more portions to one firm and other portions to one or more other firms.

CRITERIA FOR EVALUATION: The criteria to be used by the Town in evaluating these proposals shall be the following:

- The experience of the firm in assignments of similar size, scope and complexity
- Special knowledge relevant to the project
- Special equipment or facilities relevant to the project
- The size, staffing, resources and financial capability of the firm.

- The firm's knowledge and experience with Town facility(ies) and programs involved in the assignment.
- The firm's past performance with the Town
- Time constraints and deliverability service; and
- The firm's current workload, current workload remaining, workload remaining from prior years and total workload remaining with the Town.

It is further expressly acknowledged that the quality of the services to be rendered is of paramount importance to the Town.

USE OF SUBCONSULTANTS, CERTIFIED OUTSIDE LABORATORIES AND OTHER SUBORDINATE

ENTITIES: Prospective firms are advised that the Town will entertain proposals that include the use of sub-consultants, certified outside laboratories and/or other subordinate entities. In such event, the proposal must clearly state the extent and nature of the work proposed to be delegated to the sub-consultant, laboratory or other entity. Further, if the proposed sub-consultant is an architectural, engineering or surveying firm, the proposal must also be accompanied by a completed and current **Federal Form SF 330 (Part II)** if such form is not already on file with the Town.

FAMILIARIZATION WITH CURRENT PROGRAMS, FACILITIES AND DOCUMENTS:

It is the sole responsibility of the prospective firms to familiarize themselves with the Town's current programs, facilities, documents and any other information which is necessary and relevant to the scope of this RFP. Upon sufficient and reasonable advance notice to the contact person named above, arrangements may be made to visit and inspect any involved Town facilities and/or to view applicable documents. Any and all costs borne by the prospective proposer in familiarizing themselves with the above are to be borne solely by the prospective proposer. In the event that the prospective proposer is ultimately awarded a contract pursuant to this RFP, the Town will not allow any claims for payment which include billable time for such familiarization costs, regardless of whether they were incurred prior to or following the submission of the proposer's proposal. The firm is to provide an updated **Federal Form SF 330 (Part II)** with their submission.

PAYMENTS AND CLAIMS: Payments to the successful proposer will be made in accordance with the terms of the Town of Oyster Bay Standard Consultant Agreement to be entered into between the firm and the Town.

SCOPE OF SERVICES:

Engineering Services relative to the Oversight of Environmental Monitoring Programs for the former Old Bethpage Landfill

GENERAL PROJECT DESCRIPTION

Overview

In 2016, the Town of Oyster Bay entered into post-termination monitoring for its remedial programs under a Consent Decree with the New York State Department of Environmental Conservation upon demonstration that the Old Bethpage Landfill is no longer a significant threat to human health and the environment. The on-site groundwater treatment facility is still in operation under the jurisdiction of the New York State Department of Environmental Conservation for the remediation of groundwater contamination from the Claremont Polychemical Site. The Town is now required to perform a single air monitoring effort and two groundwater monitoring efforts during the calendar year with independent reports submitted to the DEC. The DEC may require additional sampling to be performed for potential contaminants outside the scope of the Consent Decree.

Anticipated Required Services

The services to be provided by the consultant shall consist of, but not limited to, the following:

- Review and provide comments on the reports prepared by the groundwater monitoring and air monitoring consultants.
- Respond to comments received from the New York State Department of Environmental Conservation on these reports.
- Review data obtained from these reports and analyze trends to determine if termination criteria continue to be met.
- Assist the Town in petitioning the New York State Department of Environmental Conservation for further reductions in monitoring protocols if warranted.
- Assist the Town in preparing Periodic Review Reports (PRRs) as requested by the New York State Department of Environmental Conservation
- Review new requirements set forth by New York State Department of Environmental Conservation for additional air and/or groundwater monitoring. Coordinate with the responsible consultant and laboratory consultant to review necessary protocols.

Copies of previously submitted reports are available for review at the Division of Engineering offices.

For your information, the following are the established requirements for the currently approved sampling programs:

Air Monitoring Program

Conduct one sampling round, taking place in the third quarter of each year, consisting of:

- Ambient air monitoring
- Soil gas quality monitoring
- Soil gas pressure monitoring
- VOC testing of landfill gas exhaust stack
- Gas migration survey
- Building and structure air monitoring

Groundwater Monitoring Program

The sampling protocol will consist of analysis for a standard list of volatile organic compounds (VOCs) total and dissolved metals, and leachate parameters, as required by the agreed upon post-termination monitoring program with the New York State Department of Environmental Conservation, in accordance with our Consent Decree. A total of 13 monitoring wells are to be sampled per event, to take place two times each year.

Beginning in 2018, the Town must also begin sampling for polyfluorinated compounds (PFCs) and 1,4-dioxane during its Consent Decree-mandated sampling programs. A separate report must be prepared and submitted to the New York State Department of Environmental Conservation for these compounds.

ATTACHMENT NUMBER 1

FORMAT OF PROPOSAL

Proposals should be organized as shown below with tab dividers between sections and should include all the information indicated. Note that elaborate brochures or other presentations beyond those sufficient to present a complete and extensive response to this solicitation are not desired. Four (4) hardcopies and one (1) electronic copy shall be submitted.

SECTION A. INTRODUCTORY STATEMENT

SECTION B. QUALIFICATIONS AND APPROPRIATENESS OF PROPOSED STAFF

1. Project team.
2. Provide names and resumes of key personnel proposed for this project.

SECTION C. APPROPRIATENESS AND QUALITY OF PROPOSER'S EXPERIENCE

1. Please include experience on projects within Long Island including projects with the Town of Oyster Bay.
2. Minimum of five (5) references with contract information (recent, similar projects preferred).

SECTION D. PROPOSED METHODOLOGY

Based on the project description and scope of services, the firm should discuss how it would approach and manage the project.

SECTION E. MANPOWER COSTS

Provide a schedule with employee wage rates for the contract period.

SECTION F. WORKLOAD DISCLOSURE

Provide a chart showing current projects with the Town with remaining workload in dollars and project completion percentage.

SECTION G. SUPPLEMENTAL INFORMATION

The firm is to provide a current Federal Form SF 330 with their submission, which will remain on file for a period of one year, per the Town's procurement policies and procedures.

Any additional information relevant to the firm's qualifications for this project may be included at the firm's option.

SECTION H. DISCLOSURE AFFADAVIT

The firm is to provide a signed and notarized copy of the appropriate Disclosure Affidavit, provided as Attachment No. 3

ATTACHMENT NUMBER 2

SPECIAL REQUIREMENTS AND MODIFICATIONS

Provisions stated under Special Requirements and Modifications shall supersede and take precedence over information provided in the preceding documents and attachments.

1. Firms must provide a Maximum Hourly Wage Rate Schedule listing job classifications. The salary of all employees proposed in the response to this RFP must be within the limits of the schedule and will be subject to the approval of the Commissioner of Public Works.
2. Payment for services shall be negotiated at the time of the task proposal submission by methods outlined in Section V of the Standard Consultant Agreement.
3. When a wage rate-multiplier payment method is utilized, payment will be made on the basis of direct salary times a multiplier of **3.0**. Direct salary shall be actual salary or compensation paid by the consultant to all personnel for the work performed by them directly related to the particular project or projects assigned exclusive of insurances, payroll taxes and all other fringe benefits. In no event (regardless of the maximum wage rate schedule to be provided in accordance with the above) shall the Town pay more than the maximum hourly limit as approved by the Town Board, currently set at **\$175/hour**.
4. The consultant will not discriminate against employees or applicants for employment because of race, creed, color national origin, sex, age, disability or marital status and will undertake or continue existing programs of affirmative action to ensure that group members and women are afforded equal employment opportunities without discrimination. The consultant shall also make reasonable efforts to encourage the participation of Certified Minority- and Women-Owned Business Enterprises as sub-consultants, and retain the documentation of these efforts to be provided upon request of the Town. A listing of contractors can be found at www.nylovesmwbe.ny.gov.
5. The consultant shall submit with its proposal a copy of its current Certificate of Authorization pursuant to Section 7210 of the New York Education Law. Consultant shall also submit with its proposal the Certificate(s) of Authorization of any sub-consultant and/or subcontractor who shall perform any professional engineering services under this RFP. Failure to submit copies of said Certificate(s) shall be grounds to reject any proposal and disqualify consultant as not meeting the necessary minimum qualifications to perform the services to be performed herein.
6. Consulting firms shall be properly staffed by licensed Professional Engineers, Land Surveyors and Registered Architects by the New York State Department of Education as required by the Scope of Services. The consultant shall submit a list of licensed Professional Engineers, Land Surveyors and Registered Architects along with their license numbers to allow for proper evaluation by the Town.
