**AUTHORIZED CONTACT PERSON:** Prospective firms are advised that the authorized Town of Oyster Bay contact person for all matters concerning this RFP is:

Matthew Russo, P.E., Engineering Division Head  
Town of Oyster Bay Department of Public Works  
150 Miller Place  
Syosset, New York 11791  
Telephone: (516) 677-5719  
Fax: (516) 677-5940

**INTRODUCTION:** In accordance with the Town of Oyster Bay's qualification based consultant procurement policy, the Division of Engineering of the Town of Oyster Bay Department of Public Works (hereinafter referred to as "the Town") is seeking proposals from qualified professional consulting firms for various consulting services to be performed on an On-Call basis for the calendar years 2018-2019.

**FORM OF PROPOSAL:** Firms must submit four (4) hardcopies and one (1) electronic copy of each technical proposal with additional relevant information. Proposals should be organized as described in Attachment No. 1 herein.

**QUALIFICATION BASED SELECTION PROCESS:** The Town, after receipt and review of responses to this RFP, reserves the right to reject all proposals based upon the information provided by the firm in their proposals and based upon subsequent negotiations between the Town and the firm. The review process of the RFPs submitted is based on the qualifications of the firm for the nature of that project. The selection of the firm will be in accordance with the Town of Oyster Bay Procurement Policy procedures, and based upon a Qualification Based Selection (QBS) process. The Town also reserves the right to subdivide individual items and award one or more portions to one firm and other portions to one or more other firms.

**CRITERIA FOR EVALUATION:** The criteria to be used by the Town in evaluating these proposals shall be the following:

- The experience of the firm in assignments of similar size, scope and complexity
- Special knowledge relevant to the project
- Special equipment or facilities relevant to the project
- The size, staffing, resources and financial capability of the firm.

- The firm's knowledge and experience with Town facility(ies) and programs involved in the assignment.
- The firm's past performance with the Town
- Time constraints and deliverability service; and
- The firm's current workload, current workload remaining, workload remaining from prior years and total workload remaining with the Town.

It is further expressly acknowledged that the quality of the services to be rendered is of paramount importance to the Town.

**USE OF SUBCONSULTANTS, CERTIFIED OUTSIDE LABORATORIES AND OTHER SUBORDINATE**

**ENTITIES:** Prospective firms are advised that the Town will entertain proposals that include the use of sub-consultants, certified outside laboratories and/or other subordinate entities. In such event, the proposal must clearly state the extent and nature of the work proposed to be delegated to the sub-consultant, laboratory or other entity. Further, if the proposed sub-consultant is an architectural, engineering or surveying firm, the proposal must also be accompanied by a completed and current **Federal Form SF 330 (Part II)** if such form is not already on file with the Town.

**FAMILIARIZATION WITH CURRENT PROGRAMS, FACILITIES AND DOCUMENTS:**

It is the sole responsibility of the prospective firms to familiarize themselves with the Town's current programs, facilities, documents and any other information which is necessary and relevant to the scope of this RFP. Upon sufficient and reasonable advance notice to the contact person named above, arrangements may be made to visit and inspect any involved Town facilities and/or to view applicable documents. Any and all costs borne by the prospective proposer in familiarizing themselves with the above are to be borne solely by the prospective proposer. In the event that the prospective proposer is ultimately awarded a contract pursuant to this RFP, the Town will not allow any claims for payment which include billable time for such familiarization costs, regardless of whether they were incurred prior to or following the submission of the proposer's proposal. The firm is to provide an updated **Federal Form SF 330 (Part II)** with their submission.

**PAYMENTS AND CLAIMS:** Payments to the successful proposer will be made in accordance with the terms of the Town of Oyster Bay Standard Consultant Agreement to be entered into between the firm and the Town.

**ON-CALL ENGINEERING RELATIVE TO  
GROUNDWATER MONITORING OF THE OLD BETHPAGE LANDFILL**

**GENERAL PROJECT DESCRIPTION**

**Overview**

In 2016, the Town of Oyster Bay entered into post-termination monitoring for its Old Bethpage Landfill remedial programs relative to its Consent Decree with the New York State Department of Environmental Conservation upon demonstration that the Old Bethpage Landfill is no longer a significant threat to human health and the environment. The on-site groundwater treatment facility is still in operation under the jurisdiction of the New York State Department of Environmental Conservation for the remediation of groundwater contamination from the Claremont Polychemical Site. Under new protocols established by the New York State Department of Environmental Conservation, the Town is now required to perform two groundwater monitoring efforts during the calendar year. The DEC may require additional sampling to be performed for potential contaminants outside the scope of the Consent Decree.

**Anticipated Required Services.**

The services to be provided to the Town by the consultant (and by any approved sub-consultants) shall consist of, but not be limited to, the following:

In accordance with the provisions of the Town's Consent Decree, quarterly groundwater quality sampling rounds will be performed in 13 wells and analyzed by an outside certified laboratory under contract with the Town.

The sampling protocol will consist of analysis for a standard list of volatile organic compounds (VOCs) total and dissolved metals, and leachate parameters, as required by the Consent Decree. All the groundwater samples collected will be delivered to the Town's designated laboratory for analysis on the day of collection by the consultant. A strict chain of custody procedure will be followed. The field quality control samples for each sampling round will consist of daily trip blanks to be analyzed for VOCs, and one anonymous duplicate sample and one equipment blank to be analyzed for the full analytical protocol. Clean, new field sampling bottles and containers with preservatives are to be supplied under this contract. The consultant for this contract is to record all field sampling data for each round on a well sampling log.

The procedures for sampling monitoring wells are outlined in the "Protocols for sampling groundwater under the Old Bethpage Solid Waste Disposal Complex Remediation Plan". The protocols have been detailed in previous Town monitoring reports. Note that most of these wells contain dedicated submersible pumps, however some do not. The consultant shall be responsible for providing appropriate and decontaminated sampling equipment to complete the work. The water quality data will be compiled and tabulated for VOCs, Metals, and Leachate Indicators for each sampling round and the results used to determine if continued post-termination status is justified. The sampling data will be submitted to the Oversight Consultant for review and concurrence of the results.

During this contract, the Town may elect to petition the New York State Department of Environmental Conservation for further reductions in its monitoring requirements. As requested by the State, additional sampling, analysis and reporting may be required. In this case, a separate work authorization will be provided.

Beginning in 2018, the Town must also begin sampling for polyfluorinated compounds (PFCs) and 1,4-dioxane during its Consent Decree-mandated sampling programs. A separate report documenting the findings of this testing must be prepared and submitted to the New York State Department of Environmental Conservation.

**ATTACHMENT NUMBER 1**

**FORMAT OF PROPOSAL**

Proposals should be organized as shown below with tab dividers between sections and should include all the information indicated. Note that elaborate brochures or other presentations beyond those sufficient to present a complete and extensive response to this solicitation are not desired. Four (4) hardcopies and one (1) electronic copy shall be submitted.

**SECTION A. INTRODUCTORY STATEMENT**

**SECTION B. QUALIFICATIONS AND APPROPRIATENESS OF PROPOSED STAFF**

1. Project team.
2. Provide names and resumes of key personnel proposed for this project.

**SECTION C. APPROPRIATENESS AND QUALITY OF PROPOSER'S EXPERIENCE**

1. Please include experience on projects within Long Island including projects with the Town of Oyster Bay.
2. Minimum of five (5) references with contract information (recent, similar projects preferred).

**SECTION D. PROPOSED METHODOLOGY**

Based on the project description and scope of services, the firm should discuss how it would approach and manage the project.

**SECTION E. MANPOWER COSTS, revised**

*Provide a schedule with employee wage rates for the contract period.*

**SECTION F. WORKLOAD DISCLOSURE**

Provide a chart showing current projects with the Town with remaining workload in dollars and project completion percentage.

**SECTION G. SUPPLEMENTAL INFORMATION**

The firm is to provide a current Federal Form SF 330 with their submission, which will remain on file for a period of one year, per the Town's procurement policies and procedures.

Any additional information relevant to the firm's qualifications for this project may be included at the firm's option.

**SECTION H. DISCLOSURE AFFADAVIT**

The firm is to provide a signed and notarized copy of the appropriate Disclosure Affidavit, provided as Attachment No. 3

## ATTACHMENT NUMBER 2

### SPECIAL REQUIREMENTS AND MODIFICATIONS

Provisions stated under Special Requirements and Modifications shall supersede and take precedence over information provided in the preceding documents and attachments.

1. Firms must provide a Maximum Hourly Wage Rate Schedule listing job classifications. The salary of all employees proposed in the response to this RFP must be within the limits of the schedule and will be subject to the approval of the Commissioner of Public Works.
2. Payment for services shall be negotiated at the time of the task proposal submission by methods outlined in Section V of the Standard Consultant Agreement.
3. When a wage rate-multiplier payment method is utilized, payment will be made on the basis of direct salary times a multiplier of **3.0**. Direct salary shall be actual salary or compensation paid by the consultant to all personnel for the work performed by them directly related to the particular project or projects assigned exclusive of insurances, payroll taxes and all other fringe benefits. In no event (regardless of the maximum wage rate schedule to be provided in accordance with the above) shall the Town pay more than the maximum hourly limit as approved by the Town Board, currently set at **\$175/hour**.
4. The consultant will not discriminate against employees or applicants for employment because of race, creed, color national origin, sex, age, disability or marital status and will undertake or continue existing programs of affirmative action to ensure that group members and women are afforded equal employment opportunities without discrimination. The consultant shall also make reasonable efforts to encourage the participation of Certified Minority- and Women-Owned Business Enterprises as sub-consultants, and retain the documentation of these efforts to be provided upon request of the Town. A listing of contractors can be found at [www.nylovesmwbe.ny.gov](http://www.nylovesmwbe.ny.gov).
5. The consultant shall submit with its proposal a copy of its current Certificate of Authorization pursuant to Section 7210 of the New York Education Law. Consultant shall also submit with its proposal the Certificate(s) of Authorization of any sub-consultant and/or subcontractor who shall perform any professional engineering services under this RFP. Failure to submit copies of said Certificate(s) shall be grounds to reject any proposal and disqualify consultant as not meeting the necessary minimum qualifications to perform the services to be performed herein.
6. Consulting firms shall be properly staffed by licensed Professional Engineers, Land Surveyors and Registered Architects by the New York State Department of Education as required by the Scope of Services. The consultant shall submit a list of licensed Professional Engineers, Land Surveyors and Registered Architects along with their license numbers to allow for proper evaluation by the Town.
