SUPERVISOR SALADINO: Thank you, ladies and gentlemen, and welcome to our Town Board meeting for Tuesday, January 27th, 2026 here at Town Hall North. We appreciate your patience this morning with all the storm-related issues we've been dealing with, we had to take care of a few things this morning, so I apologize for the board meeting starting late.

Leading us in prayer this morning is a very dear friend who has certainly made a huge impact in our community, especially up here in Oyster Bay. Someone I look up to and someone I'm blessed to consider a good friend. And that is Reverend Ken Edmondson of Mount Olive Baptist Church in Oyster Bay. Welcome back to Town Hall, Reverend, if you would kindly come up to the podium and lead us in prayer. Would everyone who can please rise?

REVEREND EDMONDSON: Let us pray.

Our father and our God, we are so grateful for your love and your kindness, and for your tender mercy that you've woke us up in time and not in eternity. We come, first of all to say thank you, Lord. Thank you that you have assembled us here today to do the business of the Town of Oyster Bay. We ask that you

continue to bless our supervisor and all those that raise his hand up. Oh, God, to keep him and to continue to give him the wisdom to continue to lead this town of oyster Bay.

Thank you now, for every household that is represented. And we pray, dear Lord, that all things will be done in decency and in order. In Jesus name we pray. Amen.

(Whereupon, all, "Amen".)

SUPERVISOR SALADINO: Thank you very much, Reverend, for being here with us today and for all you do with your ministry, especially here in the Oyster Bay community.

SUPERVISOR SALADINO: Leading us in the Pledge this morning as an esteemed veteran of the Vietnam War. He's also the past recipient of the Town of Oyster Bay's Dr. Martin Luther King, Jr. Distinguished Service Award. Something we take to heart is very important in this town, among the very highest honors that we bestow on anyone. And you, sir, certainly deserve that award for so many reasons.

I'm proud to introduce, for the purposes of our Pledge of Allegiance, United States retired Army Staff Sergeant Arturo Edwards. Thank you, sir.

(Whereupon, the Pledge of Allegiance is said.)

SUPERVISOR SALADINO: Thank you so much, Mr. Edwards. We appreciate your effort. We appreciate all you've done for our nation. We appreciate your friendship and your commitment to our communities. Thank you. God bless you very, very much.

And now I ask that you all join us

for a moment of silence for our men and women in the United States armed forces serving here in the homeland and across the world, and a recognition of the men and women in law enforcement, all of our first responders and all we have lost last year and now into this 2026, as we pray for all of their souls and their loved ones. Amen.

(Whereupon, a brief moment of silence.)

SUPERVISOR SALADINO: Would everyone kindly take a seat?

So we just came off of what was among the very toughest snowstorms this town has seen in four years. And while nothing's perfect in life, we got an enormous amount of snow, an enormous amount of very cold temperatures, which makes it so much more complicated. And the temperature still hasn't come up above freezing. So there's all that ice and all of that. Taking everything into consideration, I want to state that I am

very proud of all of our town employees who did an amazing job. Plowing streets for 30 hours is very difficult. Obviously, they had breaks throughout that, as you have to do with human beings and for safety. But they really did an amazing job. I'm proud to stand with our workforce. I'm proud to stand with our union leadership.

We have our president of our union, Guadalupe Johnson and others from our union that I'll recognize in a moment. Hard work, very hard work.

I realized that some people are upset that their driveways get filled with snow, but that is the physics of how a snowplow works. It has nothing to do with the Town's workforce. It has nothing to do with anything else but the amount of snow we got and just the way a snowplow works. So we greatly appreciate the patience. While, we did get a number of calls, it was much less than in past years, and we're still out there working.

We still will continue to work some narrow streets, some smaller sized streets, dead ends and so forth. You can't get down safely with the big, big trucks or the garbage trucks with a snowplow. So our crews continue to go out with all of our pickup trucks and whatnot, and we'll continue to tuck this snow in. And we're looking at the possibility of another big snowstorm this weekend. So, most importantly, the residents of the town are safe.

I'd like to thank everyone from our workforce. They're exceptional workers. They're very motivated, as well as all the people involved in planning for and executing the snow Commissioner John Tyson being one of them. Everyone from the Department of Public Works under our Public Works Commissioner and Rich Lenz Sanitation, the whole team there with Commissioner Dan Pearl and all his employees. Public Information that doesn't get the thanks that they really

should on a regular basis because they're always working behind the scenes. But you did so much to get our messaging out. Greatly appreciated.

And I want to thank somebody who doesn't always get that thanks. He is involved in all things public safety, involved in in so many issues. And that is Len Simons. Len Simons happens to be a very good weather forecaster and he assisted us tremendously. Even though the news wasn't good, it was accurate. So my hats off to Len. Thank you, Len and everyone involved.

Again, I'll repeat what I said in opening, and that is that our workforce dedicated, tremendously competent, tremendous dedication to enthusiasm and motivation to do a very tough job over many, many hours. And a part of that comes from the leadership of very good people like our President Guadalupe Johnson, our first vice president, Gina Valli, our executive vice president, Tom

And a very special person that may not be specifically with our team here in the Town of Oyster Bay but his impact is felt here and felt every day throughout region one, and that is our CSEA Long Island Region 1. President Jarvis Brown, who has been selected this year to be the 2026 recipient of the Town of Oyster Bay's Dr. Martin Luther King, Jr. Distinguished Service Award. Let's give Jarvis Brown a hand. Jarvis Brown truly represents the gold standard of community and public service in so many ways. He's been a proud member for more than 20 years, and an esteemed leader and advocate for workers rights and workers safety, and workers pensions and worker's compensation and worker's healthcare, all of the above, for quite a few years, leading with the motto "Communicate to Educate."

Mr. Brown is dedicated to building a stronger union and improving the lives of

members across Long Island Region one.

As we all know, before being elected CSEA Long Island Region 1 President, Jarvis Brown served as a Town of Oyster Bay local president for 11 years, so he was here in office before I even walked in the door. And I want to personally thank you, because you certainly helped to teach me the job of Supervisor, how to care for over 300,000 residents, how to care for over a thousand employees here. And the better you take care of your employees, the better job they do providing the services to the residents of the town.

The gold standard is clearly what we provide here. People who buy homes in the town of oyster Bay have that expectation of the gold standard. And our employees under your leadership get that accomplished.

So a little more about Jarvis Brown. He's a very compassionate person for his members and is dedicated to their

livelihoods and that dedication is greatly respected. Throughout his time with the CSEA, he used his leadership skills to establish and grow the School District's committee, which was created to address specific issues impacting school district workers.

He's also been the point person in getting various localities and units out of Administratorship, including the CSEA, SUNY Farmingdale Local. An outstanding union organizer, he has successfully brought over 600 new members to the CSEA family.

And this is something that's pretty amazing that we don't take lightly during all of this, he has been a volunteer with the Wyandanch Fire Department, including chief of that department, which also has a tremendous amount of responsibility, especially when we talk about protection of our members. That same motivation to protect here, you do with your members fighting fires and hazards and

emergencies while keeping the membership safe is the goal. Not easy to do, not easy at all.

But we know that Jarvis Brown has proven, he has created the template on how to represent, how to protect, and how to lead. So much like Martin Luther King, Jr., Jarvis Brown worked diligently to create an open and inclusive environment. He fosters a sense of trust and collaboration, thereby empowering emerging leaders and strengthening the overall movement. And we're very pro-union in this town. We represent everyone, union/nonunion. We represent all of our residents. But we certainly appreciate the quality that unions provide, whether it is unions in law enforcement, unions in all of the aspects of the trades. All of what takes place from hospitals to workplaces and of course, in municipalities; it's union employees who are very skilled, very motivated and provide that very, very

high level of services.

So the Town of Oyster Bay's Dr. Martin Luther King, Jr. Distinguished Service Award, is presented to the best of the best. We look for noteworthy recipients and recognition of their outstanding leadership and continued involvement in support of Dr. Martin Luther King, Jr.'s dream, his initiatives, his focus.

So in a moment, we'll be presenting this award to Jarvis T. Brown, making him one of three recipients that we have in this room simultaneously. And we are very, very proud of that and all of our friends. So this prestigious recognition reflects upon the incredible leadership and courage and, quite frankly, the teachings of Martin Luther King, Jr. and on local contributions being made every day in our community by incredible people like Jarvis T. Brown, who provide community leadership, mentorship, and is an extraordinary role model.

Quite simply, Jarvis has always exemplified the highest ideals of public service and dedication to his job and to his communities. Because whether it is the community of firefighters, the community of Town of Oyster Bay employees and now union employees in the municipal setting across Long Island, he expects the best of the best, and he assists them to reach that goal.

And that spills over, by the way, because Jarvis Brown is also motivated, people like myself and my colleagues, the elected officials, to always strive to be better, more inclusive, to work more closely, to respect each and every worker, no matter what their background, where they come from, what their ability level is. So you've made that big impact even on us, and we appreciate you for that.

So with that we congratulate you Jarvis Brown. So please come forward and accept the Town of Oyster Bay's 2026

you have earned this. My colleagues will
join me, please, for this presentation.

(Whereupon, photos taken.)

SUPERVISOR SALADINO: On behalf of
the town's 300,000 plus residents, and
especially on behalf of the best
workforce anywhere in New York State, we
present this with you because we
appreciate your leadership, and we want
it publicly known that you have more than
earned this award. Congratulations,
Jarvis.

Mr. Brown, we greatly appreciate it
if you'd say a few words. You can all
take our seats, please.

MR. JARVIS: Good morning, Town
Board. First of all, I just want to say
thank you for this award. It means a lot.

I started my career 25 years ago in
the Town of Oyster Bay as a sanitation
worker. And the Town of Oyster Bay gave
me an opportunity to move up in the ranks

of becoming a CSEA union actual activist underneath an old president back in 2011. And I worked my way up in 2013 to become the president. But if it wasn't for the Town of Oyster Bay giving me the opportunity to have employment here, give me the opportunity to take care of my family. The benefits were amazing. And I just want to thank you, because I was able to put two of my kids into a D1 scholarship school for soccer, and I'm working on my third one, and I was able to take care of my family.

But one of the biggest things that I've learned from the Town of Oyster Bay is you guys made me who I am, and I'm gonna tell you why. Because it was never easy coming into this role as a union president, or an activist and getting people to listen to you and help them understand that times are not going to always be great. We're going to have rough times, we're going to have good times. And we were able to serve some

great times back in 2005, 6, 7, 8, 9, 10.
It's funny, when I became president in
2013, the walls caved in and it started
becoming very difficult to explain to the
members here who were used to having the
best of the best, and then it became the
worst of the worst. And I just want to
thank the membership of the Town of
Oyster Bay for giving me the opportunity
to serve them as the president and walk
them through tough times. Underneath the
prior leadership, when you guys came in
along with the board off and on, you guys
have been amazing, Supervisor, and your
team, you've always listened. You've
always gave me an opportunity to address
the members concerns and I thank you guys
for that. You've always had your head
high and held your head high.

For who I am today, as the Long
Island Regional president responsible of
45,000 members, it's a lot. You know, I
don't know how you did the time in
Albany. I do not like Albany. But I also

serve on Long Island, I do have an office in Commack, but the day-to-day activities and the day-to-day struggles that we have out there with contract negotiations and school districts and stuff like that.

You know, I just want to say to the members whether they want to hear it or not, the union members here in Oyster Bay, you have a good board. You have a great board. You have a really good contract. When you look at all the things around us school district employees paying heavy, heavy, heavy, heavy hits 55% of the health benefits. We don't have those problems here in the Town of Oyster Bay. And I thank you guys for that.

With that being said, 114 years, it took me to get to a point of being the first African American president of CSEA in Long Island. That's history made. And again, I thank Oyster Bay for that.

And also, I'd be remiss not to thank my team behind me, Guadelupe Johnson, the president, Tom Robinson, the executive

vice president, Gina Valli the first vice president who's always had my back, who's always, you know, been there for me no matter what I needed. And I appreciate you guys.

But there are some other people I just want to thank, Supervisor. Give me two more minutes.

I am where I am today, there was one guy that gave me an opportunity to, God rest his soul, Supervisor John Venditto, who was passed. And, you know, we all have a certain love for him.

But I have to also say this, Frank Scalera gave me an opportunity that no one ever gave me here in the Town of Oyster Bay. He took me in. He showed me the ropes. He gave me opportunity. He actually coached me certain ways to be better and great at what I do. And because of his tutelage and leadership, I just want to thank him out loud. And, supervisor, I want to thank you for what you've done. And I also want to thank,

you know, I have to say this, Greg Carman. It was tough when we first started, but we built a good relationship an honest relationship. And I just want to say you put a great team together to do the right thing for your for your for your members here. And also all the commissioners, all the people out there over the years, you know, it's great to see you guys again. It's great to be a part of this family. And I hope you get another ten years in so I can retire and go to where I want to go to. But thank you. God bless. And guys, again, thank you for everything. Appreciate it.

SUPERVISOR SALADINO: Thank you very, very much. Thank you for those kind words. We take great pride in our relationship, but I'd like to believe it's the best relationship between management and our workforce. It's way beyond that. It's a community of people who are committed to our residents. When you live in the Town of Oyster Bay, you

get the best of the best of services compared to anywhere else across the state. And in large part, that was something that you've carved out. That's continued with President Johnson and the current team who continues to care deeply and we greatly appreciate you.

I take a moment of personal privilege because I would love to get a photo with you. And the two other recipients are three recipients with Reverend Edmondson and Mr. Arturo. Would you kindly pose for a photo with with our our CSEA president?

MR. JARVIS: I'd be remiss to say, as you call him, the president. I have to call him my president, Guadalupe Johnson. Thank you for everybody.

SUPERVISOR SALADINO: Well, in a town where we respect, we reflect and we protect, it is very important for us to recognize that today is Holocaust Remembrance Day. We're blessed to have Rabbi Ron of Syosset with us to reflect upon this important day. This is the day that marks the liberation of Auschwitz, the most famous and deadliest concentration camp during the Holocaust. They're all horrific. This one in Poland with the rise of anti-Semitism globally, Holocaust Remembrance Day and education is more important than ever before. So people will remember.

Rabbi Ron, we're so proud to have you here. You're an incredible gentleman, educator, religious leader and friend. So if you kindly step up to the microphone, we are looking forward to hearing from you.

RABBI RON: Shalom. Good morning. Before I begin, I would like to thank Supervisor Saladino and all of you on the

Oyster Bay Town Board for your constant support and for raising awareness to all forms of discrimination, but in today's instance, doing so by acknowledging the importance of Holocaust awareness and remembrance. This is the day that we remember and commemorate the 6 million Jews murdered by the Nazis and their allies. We also honor and recognize those who survived the atrocities of the Nazi regime.

Today, January 27th, is the 81st anniversary of the liberation of Auschwitz. As time passes, the number of survivors of the Shoah or Holocaust decreases through the aging process. The only survivor still alive today with any real memory of the Nazi horrors are age 85 and up. As any younger survivors who miraculously lived through the concentration camps as infants have little memory of these events.

I am a second generation survivor, as is my wife. My children learn from

their grandfathers at an early age what a concentration camp was. The responsibility to tell the stories of those murdered and the survivors has fallen on second generation survivors such as myself, my wife, my brother and my cousins and the third generation survivors like our children and their cousins.

It is not only our responsibility to educate and protect all people, regardless of religion, race, creed or sexual orientation to these horrors, but to also try to make sure through the education process that such evil behavior never happens again. Many times we hear the words or the chant of never again. These are not just hollow words, but a promise we must make now and to future generations that the world will not stand idly by while people are enslaved and murdered.

During the Shoah, not one nation on earth stepped up to protest the mass

killing and enslavement of Jews and minorities. The United States, under the leadership of President Franklin Roosevelt, turned away the ship named the SS Saint Louis, whose passengers included over 900 European Jews with nowhere to go in 1939. The ship was forced to return to Europe as no nation wanted the Jews. Most of the ship's passengers eventually became victims of the Nazis.

When Jewish groups in the United States begged the president to blow up the train tracks, leading to the death camps, he also refused. The world watched in silence as Jews were killed in gas chambers and their bodies burned in crematoriums.

My father was just 15 years old when taken by the Hungarian Arrow Cross and handed over to the Nazis, along with his mother and three siblings, who were all under the age of ten. My father was robbed of his teenage years and forced to perform slave labor and labor camps,

2 along with concentration camps,
3 Bergen-Belsen and terrorism. The only way
4 that the family survived was through my
5 father finding ways to steal food on a
6 daily basis. On days when he could not
7 find food to steal, they literally
8 starved. My father personally shared
9 that Bergen-Belsen did not need gas
10 chambers, just crematoriums, as the
11 occupants were basically starved and
12 overworked to death.

13 Whenever we have frigid weather, as
14 we're currently experiencing, I remember
15 my father telling me that the SS was
16 constantly counting them all hours of the
17 day and night outside, as if they could
18 somehow escape. One can only imagine
19 standing out in the bitter cold of winter
20 in thin striped pajamas when we, as in
21 this morning, complain of being cold
22 while wearing warm sweaters and winter
23 coats.

24 My father in law had his entire
25 family murdered in Auschwitz and was left

after the war as a sole survivor. He has no gravesite or had no gravesite to visit, and no date to observe their yard sites, which is the anniversary of one's passing.

Former New York City Mayor Ed Koch, who served in World War Two as a military attorney, referred to us all as survivors of the Nazis, as the Nazi goal was to kill every Jew on earth at that time and wipe out future generations.

It is my responsibility to speak as often as possible on the topic, my daughter is quoted as saying, "without the strength and courage of my grandfathers, there never would have been to me. And I'm forever and always grateful for my heroes who now watch over me".

History must never repeat itself, and we must always include this in our school curriculums and continue to honor all those we've lost. I thank you, believe me, from the bottom of my heart,

for giving me this opportunity to raise awareness as to what happens when evil is allowed to go unchecked with no one speaking out.

Again, thank you so much for this opportunity today. I appreciate it (applause).

SUPERVISOR SALADINO: Rabbi, it is all of us who need to thank you for your commitment to educating people, your commitment to ensuring everything is done possible to protect Jewish people across the world and here at home has been second to none. You're really very special to us, and you need to know when our residents need to know that we side with Israel over and over and over again. There's been a lot of complicated goings on, including the horrific aspects of the war in Israel and Gaza, but that we have made it very, very clear we're all about respecting and protecting all of our Jewish residents and our residents of every walk of life equally. But we have

made it very clear that when it comes to ensuring that our Jewish residents know this is home, this is a safe place, this is a place of respect, and this is a place where we will not allow that people of any walk of life, including our Jewish residents, to feel in any way diminished, discriminated against or harassed. That will not happen here in the town of oyster Bay. And we will always be committed to protecting you and your brothers and sisters throughout our town and sending the right message throughout the country that we don't tolerate anti-Semitism here.

You know, of all the laws we've passed to help things along, but how we've stood with our brothers and sisters over and over. Jeff Pravato, my dear friend who is of the Jewish faith and has raised his family of the Jewish faith, he and I went to Israel and it was a changing experience. So our commitment is 100%.

We would like to recognize you,
Rabbi Ron for your work with your
congregation, you work with this issue,
and I ask that the town board join you at
the rail. And I ask that, my dear friends
Jeff Pravato and Rich LaMarca, make this
presentation to you and thank you for all
you have done. Let's have a big hand for
Rabbi Ron (applause).

SUPERVISOR SALADINO: Rich, would
you and Rich say a few words and make
this presentation?

TAX RECEIVER PRAVATO: Rabbi Ron, I
got to know you pretty well over the last
couple of years, and your advocacy for
Israel, for the hostages and at every
event that I've been through. You invited
me to many events. You've been to our
events. You supported the Town of Oyster
Bay in their endeavors with the family
and have done Yeoman's work in the
advocacy for all the hostages and for
Israel after the nutrition like I said

So on behalf of the 300,000 residents in the Town of Oyster Bay, Town Supervisor Joe Saladino, the entire Town Board, we would like to present you with this.

SUPERVISOR SALADINO: And, Rich, would you like to say a few words?

CLERK LAMARCA: I just want to say we appreciate everything you do for people in the Town of Oyster Bay. Thank you, sir.

SUPERVISOR SALADINO: Rabbi, I'm going to bring it down to one word. Shalom.

RABBI RON: You're a true man.

SUPERVISOR SALADINO: Thank you.

going to go today. We have one hearing. After that hearing, we will present the Resolution Calendar for today. After that we have one person speaking on the hearing. Rob will be here speaking on the hearing. And then after that we break for executive session. I do not know how long that is going to take after we do our resolution calendar. We have some speakers for today and Lisa, Dana and Cliff to come and speak as part of public comment which takes place after we come out. If you're able to wait, that's great. If you're not Jim McCaffrey -- please put your hand up. You can share with Jim McCaffrey anything you'd like to tell us, and we will address your issues immediately. Sometimes people coming here to talk about snow, whatever it might be. So I just want to let you all know what the order will be in case you're unable to stay. Is that is it about snow issues? We could actually bring you up right after the Resolution Calendar. No, okay,

Supervisor Saladino and each member of the town board. My name is Bill McCabe. I'm with the town attorney's office.

My main purpose here today is to present for your consideration a local law amending Chapter 233 of the Code of the Town of Oyster Bay. Chapter 233 controls the Town's motor vehicle and traffic laws and is amended often in order to codify mostly the parking and intersection safety requirements of the town's residents.

The changes enumerated in the local law being presented today include the addition and deletion of stop signs, right turn only signs, stopping prohibited during certain times, parking prohibition signs, and no standing zones, with each change listed by exact locations and/or intersections. These locations are throughout the town, from Massapequa down south to Glen Head up north. These changes have generally come about by requests from our town

residents, civic associations, town business entities, by the Police Department, or a town employee who has seen the need to safeguard the safety of our residents and local drivers.

The Highway Division of the Town Department of Public Works then conducts a traffic study to ensure each change is feasible and beneficial for the safety and convenience of our residents. And then, once or twice a year, the Town Attorney's Office implements these changes to the code with a vote of the Town Board, and then by sending this local law to New York Secretary of State to be filed and adopted. That's it.

SUPERVISOR SALADINO: Is there anyone here who would like to be heard on this matter related to this hearing? Yes. Mr. Brusca, please come forward. As always, could you begin by giving us your name and address for the record.

MR. BRUSCA: Robert Brusca, 105 Devonshire Drive East, Norwich, New York.

To your point, I just wanted to acknowledge what you said earlier with regards to the snow removal, especially locally here. Peter Brown and his staff have been fantastic on this matter and all other matters, frankly.

With regards to the the signage issues. Again, I'd like to particularly thank the town clerk as well as Commissioner Tassone specifically for a couple of items here in downtown oyster Bay. Stop signage up by Marino Field at the baseball field. That's been a traffic and safety hazard for quite a period of time. And adding those stop signs up that way will really have a substantial impact, I think, to the safety of the our Little Leaguers and their parents.

25

Additionally, we talked about this for quite some time relative to the car

wash that's about to begin construction, I believe sometime in March, up on 106, the residents directly behind on Park Avenue, had brought to light a very serious traffic safety issue there, cut through traffic from Berry Hill to 106, and from 106 through their neighborhood down to Berry Hill. Again, Commissioner Tassone with the emphasis of of Councilwoman Walsh and Town Clerk LaMarca and all of you and you, Supervisor, have seen fit to provide some further traffic mitigation measures at that location. So the neighbors are happy with that. They're not thrilled with the potential for continued cut through, but it's it's a start, and we're hoping that it'll have a substantial impact. So thank you again for all that listening and taking it into account. And again, Commissioner Tassone has been tremendously thoughtful and generous with his time on this and other matters as well.

Offhand, just while I'm here and

I'll get out of your hair. The commander oil tanks up north here are about to be taken down, and I just want to thank the Board and supervisor as well as Commissioner and Deputy Commissioner for their thoughtfulness in seeing to obviously the appropriate action in regards to those tanks coming down and what's very likely to be coming down the line. So thank you again very much.

SUPERVISOR SALADINO: Thank you very much for your work in the community. Your volunteerism and your love for Oyster Bay is exceptional, and we hear many good things. Not only do we see you at everything with your sleeves rolled up, working, volunteering, making the event successful. But our conversations with Rich LaMarca are very clear and your efforts are quite appreciated. And we look forward to seeing the tanks come down and the future of the right sized development at the waterfront in Oyster Bay. To me, that's very exciting,

something that's been on my mind since the first day in 2017 when I walked in the door, and we've had many conversations with the board members and Mr. LaMarca on that, so there's a lot of excitement to come.

MR. BRUSCA: Yes, you're exactly right, supervisor. The community, I think it's fair to say, have a very positive outlook on the future there provided there is appropriate community input and environmental integrity towards the harbor, of course, that I know you will always put first. So thank you again very much.

SUPERVISOR SALADINO: You're very welcome. Thanks for being here.

MR. MCCABE: I ask that the hearing be closed and the record be kept open for ten days.

SUPERVISOR SALADINO: All right. Do we have a record of mailings and postings?
