Reporter/Notary Public

1 SUPERVISOR SALADINO: Good morning,  
2 ladies and gentlemen, and welcome to the Oyster Bay  
3 Town Board meeting as of Tuesday, October 25, 2022.

4 For those joining us this morning,  
5 you'll have an opportunity to be heard on matters  
6 brought before this Town Board as well as during  
7 the Public Comment portion of the meeting.

8 These proceedings are recorded and  
9 later transcribed. As most know, this meeting is  
10 being live-streamed on social media and on the  
11 Town's website, which is oysterbaytown.com.

12 Statements, comments, and input from  
13 the public, relative to our meetings, is always  
14 welcomed and respected as part of the record.

15 To submit comments online, e-mail  
16 publiccomment@oysterbay-ny.gov; or you can mail us  
17 at the Office of the Town Attorney, 54 Audrey  
18 Avenue, Oyster Bay, New York, 11771.

19 As always, since taking over here in  
20 the Town of Oyster Bay with this new  
21 administration, we begin our Board meetings with  
22 prayer.

23 Today, our dear friend, Pastor John  
24 Yenchko, of North Shore Community Church here in  
25 Oyster Bay, will lead us in prayer.

1 Pastor, the floor is yours.

2 Please rise.

3 PASTOR YENCHKO: Thank you, Supervisor  
4 Saladino.

5 Just even standing at this microphone  
6 is amazing that we have the freedom to speak our  
7 hearts when so much of the world is shut down and  
8 can't speak. What a privilege. You made that  
9 announcement -- you will have opportunity to speak  
10 -- so let's give thanks for the freedoms that we  
11 enjoy in this great Town that we have together.

12 God, our Father, we humble ourselves  
13 under your mighty hand, and we tell you we are  
14 grateful for the privilege of living in this place,  
15 in this time. As we look out over the world and we  
16 see wars and persecution, as we see famine, we are  
17 humbled and grateful to live in such a place where  
18 we are free to speak our hearts and to have civil  
19 discourse.

20 We pray for the discourse that happens  
21 in this Town, that it would be guided by mutual  
22 respect, that we would honor one another, that we  
23 would listen to one another, and we pray,  
24 especially, for our elected officials, oh, God, as  
25 Solomon prayed for wisdom. More than he prayed for

1 wealth or power, he prayed for wisdom.

2 We pray that you would grant to our  
3 elected officials here in the Town of Oyster Bay,  
4 in Nassau County, in the State of New York, and in  
5 the United States of America, those who govern in  
6 the courts, in the legislative branch, in the  
7 executive branch, you would grant them wisdom,  
8 humility and love for their citizens.

9 And, so, I pray this, Lord. I believe  
10 it's according to your word, and I pray this  
11 according to our tradition, my tradition, in Jesus'  
12 name, Amen.

13 ALL: Amen.

14 SUPERVISOR SALADINO: Thank you,  
15 Pastor, for being here today.

16 Thank you for your friendship, and  
17 thank you for all you do for your congregants, our  
18 community, and our Town.

19 PASTOR YENCHKO: You're welcome.

20 SUPERVISOR SALADINO: It's a great  
21 honor.

22 PASTOR YENCHKO: Thank you.

23 SUPERVISOR SALADINO: Leading us in the  
24 Pledge of Allegiance this morning is an  
25 extraordinary Veteran -- Army Veteran Sergeant

1 Michael Schlenoff, who served from 1958 to 1961 as  
2 a Special Agent in the Counter-Intelligence Corps.

3 Sergeant Schlenoff, it's great to see  
4 you, and let's, please, give him our attention.

5 (Whereupon, the Pledge of Allegiance  
6 was recited by Veteran Army Sergeant Michael  
7 Schlenoff.)

8 SUPERVISOR SALADINO: Thank you,  
9 Sergeant.

10 And I'll ask everyone to please remain  
11 standing for a moment of silence as we keep our men  
12 and women in the Armed Services in our mind.

13 We pray for all here protecting us in  
14 the Homeland and abroad. Think of our first  
15 responders -- from law enforcement to fire  
16 services, the EMTs, all of our healthcare heroes,  
17 and for our dear friends on the other side of the  
18 world, those in the Ukraine, who are fighting so  
19 valiantly for freedom.

20 May God bless them and protect them  
21 from the scourge that they're now dealing with and,  
22 of course, please remember all of those we have  
23 lost.

24 (Whereupon, a moment of silence was  
25 observed by the assemblage.)

1 SUPERVISOR SALADINO: Thank you.

2 Please be seated.

3 Before we begin our meeting, we have  
4 some announcements and some recognitions, and I'd  
5 like to start off with one that's extremely  
6 important to me and to so many of us as we remember  
7 that October is Breast Cancer Awareness Month.

8 Together, we remember our loved ones  
9 who we have lost, including friends and employees  
10 right here in the Town of Oyster Bay, and we  
11 remember those who continue to battle this terrible  
12 disease.

13 This is that time of year, and, quite  
14 frankly, it's important all year long, but we  
15 recognize in October to remind our loved ones of  
16 the importance of an annual mammogram and  
17 self-checks for signs and symptoms.

18 One in eight women will be diagnosed  
19 with breast cancer, and early detection  
20 significantly improves the chances of survival.

21 This week, we had some extraordinary  
22 students from Syosset that held a fundraiser and  
23 raised awareness for this very important cause, and  
24 we thank those students, and we thank everyone who  
25 took part in that, but we have loved ones who mean

1 so much to us, and the best way to share our love  
2 with them is to ensure that they get checked.

3 So please, please remind all of your  
4 loved ones to get checked. It means the difference  
5 between life and death.

6 October -- so much we celebrate in  
7 October from Columbus Day to Hispanic Heritage  
8 Month, and the list goes on and on. Here at home  
9 we recognize, and we greatly appreciate, all of our  
10 first responders and our firefighters.

11 October is Fire Prevention Month, and  
12 my colleagues and I remind our residents to  
13 practice fire safety and exit drills regularly,  
14 have working extinguishers in your homes, and  
15 change the batteries in your carbon monoxide and  
16 smoke detectors. This is that time of year to  
17 please remember to take care of that.

18 It's also a great time to remember to  
19 have an updated medical kit for use in your home  
20 and a "go to" kit to grab in times of emergencies  
21 that includes food and water and medicine, backup  
22 batteries, chargers for your devices.

23 Remember that prevention is our  
24 responsibility, and I'd also like to say that this  
25 is a great time to remind, especially young people,

1 but everyone in the community, that the fire  
2 services and the volunteers who work in our fire  
3 departments are true heroes, to please consider  
4 looking into joining the fire department. It is a  
5 very important cause.

6 It's also with great pride today that  
7 we recognize a heroic hero of our local fire  
8 service. Please help me in welcoming Lieutenant  
9 Jason Penrod of Atlantic Steamer Fire Company #1,  
10 who's joined by Chief Robert Knickman and Oyster  
11 Bay resident Logan Iles.

12 Let's all give them a hand.

13 (Whereupon, a round of applause  
14 ensued.)

15 SUPERVISOR SALADINO: You may ask why.

16 Well, on April 21, 2021, Logan, then a  
17 firefighter, was involved in an accident while  
18 training at the Nassau County Fire Services  
19 Academy.

20 During the training, which is very  
21 realistic -- it involves actual fire suppression,  
22 limited visibility, and very, very high heat --  
23 Logan fell down a flight of stairs and passed out  
24 losing consciousness for approximately a minute.

25 Lieutenant Jason Penrod immediately

1       came to Logan's aid, and carried him out of the  
2       building, and he did this without hesitation.

3               Lieutenant Penrod put his own safety at  
4       risk to assist a brother firefighter in dire need,  
5       and we commend and thank Lieutenant Penrod for his  
6       selflessness and his brave actions.

7               On behalf of our Town's more than  
8       300,000 residents, and, especially, this Town  
9       Board, we thank you, Lieutenant Penrod, for  
10      demonstrating an ability to act quickly and  
11      skillfully when fellow citizens are in need. Your  
12      alert and essential actions were extraordinary and  
13      are exceedingly worthy of the Town's highest honor.

14              So I join with my colleagues and the  
15      Oyster Bay Town Board -- and I know that  
16      Councilwoman Michele Johnson will assist me in  
17      making this presentation to you -- it is our  
18      distinct honor to present you with this Town of  
19      Oyster Bay Citation.

20              Councilwoman and Board members, if you  
21      would all join me at the edge of the podium.

22              (Whereupon, a Town Citation was  
23      presented to Lieutenant Jason Penrod followed by a  
24      photo opportunity and a round of applause.)

25              SUPERVISOR SALADINO: Ladies and

1 gentlemen, for our next presentation this morning,  
2 we welcome Jennie Reigler of Plainview and Richard  
3 Haunss of Syosset who are here today to build  
4 awareness on a debilitating condition known as  
5 Complex Regional Pain Syndrome or Reflex  
6 Sympathetic Dystrophy.

7 Jennie's sister suffers from this  
8 condition; it's an extremely painful nerve  
9 disorder, and advocating on behalf of his daughter,  
10 Kristen, is Richard Haunss.

11 This horrific disease was first  
12 diagnosed during the Civil War, yet many  
13 individuals and doctors are unfamiliar with the  
14 condition.

15 The Town of Oyster Bay is proud to  
16 support this crucial initiative by proclaiming  
17 Monday, November 7, 2022, as Color the World Orange  
18 Day to help spread awareness.

19 Jennie and Richard ask everyone to  
20 please wear orange on Monday, November 7, 2022, and  
21 post a picture on social media by hashtagging  
22 #crpsorangeday. We will support the CRPSRSD  
23 community by illuminating Town Hall orange for the  
24 month of November.

25 Would Richard and Jennie please come

1 forward to receive these Proclamations, and I'm  
2 going to ask Councilwoman Walsh and Councilwoman  
3 Maier to helped us in these presentations.

4 Let's give them a hand, please, for  
5 their efforts.

6 (Whereupon, a round of applause ensued,  
7 Town Proclamations were presented to Jennie Reigler  
8 and Richard Haunss, followed by a photo opportunity  
9 and a round of applause.)

10 SUPERVISOR SALADINO: So a last  
11 reminder, on November 2, 2022, we will light up  
12 Town Hall in orange -- I'm sorry, November 7, 2022  
13 -- we'll be lighting Town Hall up in orange, and we  
14 ask people to wear orange to talk about the issue  
15 and get the information out there.

16 We have been illuminating Town Hall in  
17 pink this month to remind people about the  
18 importance of getting mammograms as we focus on  
19 Breast Cancer Awareness.

20 And now a few more announcements before  
21 beginning our meeting:

22 We still have the peanut butter drive  
23 going on through November 15th. It's called Spread  
24 the Love -- and stock local food pantries while  
25 supporting families in need. We're doing this in

1 conjunction with the Massapequa/Farmingdale Men's  
2 Club.

3 Drop-off locations include Town Hall  
4 North in Oyster Bay, Town Hall South in Massapequa,  
5 and the Ice Skating Center in Bethpage.

6 It's very important. With food  
7 insecurity what it is these days, we're helping  
8 out, and you don't just have to donate peanut  
9 butter. It could be a number of different items  
10 that help.

11 The Town's fifth annual DVD collection  
12 drive will be going on for the entire month of  
13 November. This unique program that supports our  
14 servicemen and women also brightens the lives of  
15 children affected by cancer at local medical  
16 centers.

17 Following the DVD drive, the donations  
18 will be shipped to our troops overseas or delivered  
19 to local children's hospitals.

20 This year's collection sites include  
21 our main lobby here at Town Hall North and Town  
22 Hall South in Massapequa.

23 It's requested that residents donate  
24 new or gently-used DVDs that include exciting,  
25 suspenseful, comedy, classics, and children's

1 movies.

2 We thank everyone for supporting not  
3 only this great program, but the enormous amount of  
4 programs that have had so much success in the Town  
5 of Oyster Bay.

6 And I'd also like to thank our teams  
7 and everyone involved with the 2022 Oyster Fest.  
8 It was an amazing success. Some 200,000 residents  
9 came to Oyster Bay to help our local economy and to  
10 continue with this very successful program. It was  
11 an enormous success.

12 My thanks goes out, specifically, to  
13 the Town of Oyster Bay workforce. Whether they be  
14 from Public Safety or the many departments --  
15 including Environmental -- who helped to get the  
16 word out or to assist in the continuation and  
17 success of Oyster Fest.

18 Thank you, again, for all that our  
19 Board has been doing including on an extremely  
20 successful budget presentation that we made at a  
21 hearing at the last Board meeting.

22 This morning we will hold -- we will  
23 open two hearings, and then, afterward, we will  
24 break for Executive Session, and then, after that,  
25 we will return for our Regular Resolution Calendar.

Minutes of the meeting  
taken by:

TRACIE A. CINQUEMANI  
Reporter/Notary Public

1 SUPERVISOR SALADINO: Please call the  
2 second hearing.

3 MR. LaMARCA: The next hearing is to  
4 consider the issuance of bonds for improvements to  
5 the Plainview Water District.

6 MR. INGHAM: Good morning.

7 SUPERVISOR SALADINO: Good morning,  
8 Counselor.

9 MR. INGHAM: Honorable members of the  
10 Town Board and Supervisor Saladino, my name is Mike  
11 Ingham. I am from the firm of Carman, Callahan &  
12 Ingham, 266 Main Street, Farmingdale, New York.

13 I am General Counsel to the Plainview  
14 Water District. I will be the principal presenter  
15 on their application for facilities improvement  
16 bond.

17 Present with me today, in support of  
18 the petition, are all three District Commissioners:  
19 Commissioner Andy Bader, Commissioner Marc Laykind,  
20 and Commissioner Amanda Field.

21 Also with us today, in support of the  
22 petition, are Superintendent Moriarty, business  
23 manager Dina Scott, and the District's engineer  
24 from H2M, James Neri.

25 While we will go through the regular

1 presentation, I will also be updating the Board on  
2 what's going on with the water industry regarding  
3 the new contaminants of 1,4 dioxane and PFOS and  
4 PFOA.

5 But to begin, and it's a way of simple  
6 background, the Plainview Water District supplies  
7 potable water to an estimated population of 34,000  
8 customers -- 10 percent of this Town's population.  
9 The Water District has a total approved capacity  
10 from New York State Department of Environmental  
11 Conservation of 24 million gallons per day.

12 Of critical significance is the impact  
13 upon the District facilities -- as well as all  
14 facilities that provide water in Nassau County --  
15 of the increase in concentrations of the  
16 contaminants 1,4 dioxane, PFOA, and PFOS. They  
17 impact all four wells at Plant #5, which is the  
18 subject matter of this bond petition.

19 These contaminants became regulated by  
20 New York State Department of Health on August 26,  
21 2020. The maximum contaminant level set by the  
22 Department of Health for 1,4 dioxane is one part  
23 per billion, and if you think that's low, the MCL  
24 for PFOA and PFOS is 10 parts per trillion.

25 These are extremely low concentrations.

1 We developed the detection equipment to get them  
2 detected, and we've developed, now, the techniques  
3 to remediate and remove these contaminants from our  
4 public drinking water.

5 The details of the above-referenced  
6 improvements at Plant #5 were presented to the  
7 Board of Commissioners in a report from the  
8 District's engineers. On August 23, 2020, the  
9 Board of Commissioners approved and adopted the  
10 engineers' report together with the estimated costs  
11 and expenses of the District's projects at  
12 Plant #5.

13 As set forth in the engineers' report,  
14 a detailed description of each of the improvements  
15 proposed at Plant #5 -- inclusive of construction,  
16 engineering, legal, and administration -- is  
17 \$30,390,000.

18 That's a pretty big number, but I think  
19 we have two things that we should consider as we  
20 address that number.

21 You have to note that the District has  
22 applied for and has obtained substantial grants  
23 from New York State to subsidize the cost of  
24 treatment for the emerging contaminants. Indeed,  
25 on April 25, 2022, the District was awarded

1 eligible project costs for Plant #5 in the amount  
2 of \$13,840,000 -- that's a substantial grant -- and  
3 we're very grateful for the State to help us with  
4 that.

5 This grant was issued by the New York  
6 State Environmental Facilities Corporation through  
7 the Water Infrastructure Improvement Act. When the  
8 District secures this grant, the total amount  
9 borrowed against this bond authorization will be  
10 reduced accordingly, or the grant dollars awarded  
11 may be used to pay down any related outstanding  
12 debt of the District.

13 Please also note that the District is  
14 actively engaged in a lawsuit against Dow Chemical  
15 company regarding 1,4 dioxane contamination. The  
16 proceeds from this litigation may also be applied  
17 to reduce the amount borrowed against this bond  
18 authorization or to pay down any related  
19 outstanding debt.

20 This litigation is the real thing.  
21 I've talked about it, perhaps, for the last three  
22 or four years, and last night I updated the  
23 Commissioners at the Long Island Water Conference  
24 meeting.

25 Suffolk County was the first to file.

1 They filed in 2017. They are the most advanced.  
2 All of the depositions or fact depositions and the  
3 depositions of the arrangements have been  
4 completed. They will be exchanging expert opinion  
5 reports this December.

6 Depositions of the experts will take  
7 place in April, and this matter should be on the  
8 trial calendar by this time next year. So there's  
9 real progress along with that, and we expect some  
10 significant settlement discussions some time next  
11 year.

12 Twenty-four of the water districts and  
13 water authorities on Long Island and Nassau County,  
14 principally, have also joined in individual  
15 lawsuits against Dow. Those cases are  
16 approximately a year behind, but the expert opinion  
17 reports that are being produced for Suffolk County  
18 Water Authority will definitely be impactful on all  
19 the water districts, and, especially, Plainview  
20 here today, who's been significantly impacted  
21 because almost, really, all of their wells have  
22 been hit with either 1,4 dioxane or PFOS or PFOA,  
23 and we'll talk about that.

24 But beyond the litigations, we expect  
25 to obtain substantial recoveries to reduce these

1 amounts of bonds. The last time I was here was in  
2 March for Jericho. Since then, in June,  
3 legislation was passed of critical significance to  
4 all water providers in the State of New York.

5 Normally, in a lawsuit, if the  
6 District's damages were \$10 million -- which really  
7 is the going cost for one AOP treatment at a well  
8 site -- and the District received \$3 million as a  
9 grant, Dow would only be on the hook for  
10 \$7 million. That's the normal standard procedure  
11 in the State of New York. Lawyers consider it --  
12 or call it the collateral source rule.

13 That collateral source rule was changed  
14 for water district contamination in June by the  
15 New York State Legislature, so, in other words, if  
16 we get a \$3 million grant, Dow does not get credit  
17 for that; the District does. So Dow would still  
18 have to pay the full \$10 million on the damages for  
19 that one well.

20 Here it's significant because there's a  
21 \$13 million grant -- almost a \$14 million grant,  
22 which will not go to the credit of Dow, but will be  
23 given to subsidize the lawsuits by the Plainview  
24 Water District.

25 Those are two huge things that are

1 going on right now, and the Board should be aware  
2 of those because this is how we're going to reduce,  
3 in the long run, these substantial bond  
4 indebtedness.

5 That said, turning to the specific  
6 project proposed for Plant #5. On average, between  
7 2015 and 2020, Plant #5 accounted for 40 percent of  
8 the District's total pumpage. That's because there  
9 are four wells at this one site. I conferred with  
10 Mr. Neri this morning briefly, and it is very rare  
11 to have four wells at one site.

12 Consequently, this site is a  
13 significant contribution to meeting the needs for  
14 potable water demands of consumers and firefighters  
15 for the District. No question that the loss of the  
16 wells at this site would unduly strain the  
17 District's distribution system.

18 The Water District has detected  
19 emerging contaminants of 1,4 dioxane and PFOS and  
20 PFOA in all of their public water supply wells.  
21 Detection of these emerging contaminants at  
22 District's Plant #5 are set forth in the engineers'  
23 report.

24 1,4 dioxane has been detected at all  
25 four wells at Plant #5, with levels ranging between

1 0.19 part per billion at the low end and 2.6 part  
2 per billion at the high end. Wells #5-1, 5-2, and  
3 5-4 exhibit levels, which have remained below the  
4 recently adopted MCL for 1,4 dioxane; however,  
5 levels in these wells are above 50 percent of the  
6 MCL, which requires remediation action by the  
7 Nassau County Department of Health.

8 Well #5-3 has seen the highest levels  
9 of 1,4 dioxane, as mentioned at 2.6 part per  
10 billion. We have taken that well offline. It is  
11 not in the distribution system and will not be put  
12 back in service until treatment is in place.

13 The new appropriate treatment  
14 technologies for these new contaminants include  
15 advanced oxidation process, which is AOP, and  
16 granular activated carbon. These technologies are  
17 recognized as best available technologies by the  
18 New York State Department of Health and the Nassau  
19 County Department of Health.

20 The selected AOP for Plant #5 consists  
21 of low pressure, ultraviolet light with hydrogen  
22 peroxide oxidant. This process also requires GAC  
23 vessels for quenching the hydrogen peroxide at the  
24 end of the treatment train.

25 Fortunately, PFOS and PFOA can also be

1 removed -- used to remove traditional VOCs, which  
2 are, basically, your TCE. So we're kind of lucky  
3 in that regard. So the GACs, which are charcoal  
4 vessels, can take care of both the VOCs and the  
5 PFOS and PFOA at the same time, which has been a  
6 beneficial advance for all of us.

7 Indeed, there's going to be new  
8 regulations passed regarding more compounds for the  
9 PFOAS compounds, and we believe that the GACs can  
10 assist us in taking care of that contamination as  
11 well. That's being tested.

12 Turning to our proposed improvement  
13 schedule, the improvements to the four wells at  
14 Plant #5 would be performed in stages. After  
15 completion of design plans and specifications, the  
16 District will obtain the required Health Department  
17 approvals. All four wells should be remediated by  
18 the end of 2026.

19 Turning to SEQRA, on November 16, 2021,  
20 the Board received advice from H2M that the AOP and  
21 GAC upgrades at Plant #5 all constitute unlisted  
22 actions with no significant adverse environmental  
23 impacts.

24 The District also reviewed the  
25 November 15, 2021, short form Environmental

1 Assessment Form, submitted to the Board, which  
2 analyzed the environmental impacts of these  
3 upgrades. The short form EAF supported H2M's  
4 opinion that the proposed projects at Plant #5 all  
5 constituted unlisted actions.

6 In accordance with the recommendation  
7 of H2M and the short form EAF and the SEQRA  
8 regulations themselves, the Board declared that all  
9 the proposed projects will not have a significant  
10 adverse impact on the environment, and, thus,  
11 issued a negative declaration with respect thereto.

12 In conclusion, to assist in the  
13 financing of these improvements, it is requested  
14 that the Town Board of Oyster Bay issue general  
15 obligations in the aggregate maximum principal  
16 amount of \$30,390,000. The exact amount of the  
17 obligation to be issued will be determined by the  
18 District, but will not exceed an aggregate in  
19 principal amount of \$30,390,000.

20 The principal and interest payments on  
21 such obligations shall be payable from assessments  
22 levied on the lands within the Plainview Water  
23 District.

24 For all of the above reasons, the  
25 District respectfully requests that the Town issue

1 bonds in the principal amount, not to exceed,  
2 \$30,390,000; and to finance said appropriation  
3 pursuant to applicable provisions of the Local  
4 Finance Law.

5 Are there any questions.

6 SUPERVISOR SALADINO: Yes, Counselor.

7 MR. INGHAM: Sure.

8 SUPERVISOR SALADINO: First of all,  
9 thank you, for that in-depth presentation.

10 MR. INGHAM: You're welcome.

11 SUPERVISOR SALADINO: For those who  
12 don't know or may not know the law, would you  
13 please explain to the public why the Plainview  
14 Water District has a Board of Commissioners and,  
15 yet, is coming to the Town of Oyster Bay to ask for  
16 this borrowing, and who, specifically, if passed,  
17 would be responsible for paying it back.

18 MR. INGHAM: Absolutely, Supervisor.

19 In 1932, State legislation was passed  
20 and signed into law by the governor, which  
21 eliminated all Special Districts around the State  
22 of New York. Many were created haphazardly by  
23 individual legislation between 1909 -- which was  
24 the original Town Act -- and 1934.

25 Many of these Districts had taxing

1 ability, bonding ability, and it was a hodgepodge,  
2 so all were wiped out. There was a savings clause,  
3 which Plainview and all the water districts in the  
4 Town of Oyster Bay participated in.

5 If the residents of the Districts, by  
6 referendum, by a vote, decided to keep the District  
7 independent of the Town, they would do so. They  
8 are now governed under separate article of the Town  
9 Law called Article 13.

10 Part of that Kirkland Act -- or that  
11 1934 Act -- while it gave the Districts  
12 independence, it also required the Districts to  
13 come before the Town Board to ask for their full  
14 faith and credit to get a bond approved.

15 It's a two-edge -- not a two-edge  
16 sword, but what it does is it gives the Districts  
17 the chance to piggyback a little on the Town's full  
18 faith and credit to get lower interest rates, which  
19 is very, very helpful.

20 On the other side of that coin, as I  
21 mentioned in the bond petition, only the people,  
22 only the taxpayers who reside and live or work in  
23 Plainview Water District are responsible for the  
24 repayment of those bonds. So people in Massapequa,  
25 people in Farmingdale, they do not participate in

1 the repayment of the bonds for Plainview Water  
2 District. Only the taxpayers in Plainview Water  
3 District are required by law, under the Local  
4 Finance Law, to pay down that bond.

5 SUPERVISOR SALADINO: So what you're  
6 saying is while State Law mandates that the Board  
7 and the Water District comes to the Oyster Bay Town  
8 Board for permission to borrow, it is, in fact, the  
9 Board of the Water District and the Water District  
10 administrators who are fully responsible for how  
11 that money is spent, and what processes go on from  
12 there, and how they collect that, specifically,  
13 from the residents who are the customers of the  
14 Plainview Water District and no one else.

15 MR. INGHAM: Well said, Supervisor.

16 SUPERVISOR SALADINO: Thank you.

17 And just one last question before I  
18 turn the floor over to any of my colleagues who may  
19 have a question.

20 There are so many emerging contaminates  
21 that the State recognizes and continue to look at.

22 Is the Plainview Water District  
23 preparing itself, through these monies and future  
24 planning, to deal with the emerging contaminants  
25 that we feel the State will be mandating that they

1 remediate.

2 MR. INGHAM: There is no question about  
3 that. Plainview is on the forefront of confronting  
4 emerging contaminants. They, probably, were the  
5 first District to install multiple 1,4 dioxane  
6 treatment centers at their plants.

7 I really can say for the record that I  
8 think Mr. Neri is one of the best engineers in  
9 existence in the water industry right now. We have  
10 the benefit of his expert services, and, so, I  
11 think we're in great hands with him, and I think  
12 we're in great hands with that Board. They are  
13 more proactive on the record -- hands up -- the  
14 most proactive and the most active Board that I  
15 know of in the Long Island Water District.

16 SUPERVISOR SALADINO: Counselor, so  
17 you're also saying that the District employs the  
18 strategy of wellhead treatment solely when it comes  
19 to dealing with these emerging contaminants?

20 MR. INGHAM: Unfortunately, we have to  
21 because we have no control over the plume. The  
22 State owns the aquifer, not us.

23 So, clearly, there's been major, major  
24 improvements and projects put together by the State  
25 to contain the plume recently, based on a large

1 amount of the work you did when you were a State  
2 Legislator, and you know that's in process, and  
3 it's really trying to clean up the plume, and  
4 they're working very hard at that, but each  
5 individual District can only rely on wellhead  
6 treatment, and we do.

7 SUPERVISOR SALADINO: Well, you may  
8 know that through my 18 years as an elected  
9 official, I've continuously made the issue of  
10 pushing the State to remediate these plumes as some  
11 of the core work. We continue to do that. We  
12 continue to push the State and its resources to be  
13 used for these remediations while the Districts  
14 deal with wellhead treatment.

15 We continue to push for the State to be  
16 responsible, not the users of the water, not the  
17 consumers, but New York State and the DEC to  
18 continue the cleanups, whether they be in our  
19 aquifer system or in our park -- as has been the  
20 case with the Bethpage contaminations -- some have  
21 recently read in Newsday our continued efforts to  
22 push Grumman and the Navy to clean up the mess they  
23 made.

24 MR. INGHAM: I know that.

25 SUPERVISOR SALADINO: And we look

1 forward to collaborating with this Water District  
2 and every Water District to continue to point the  
3 finger at Albany to make sure they realize it is  
4 their responsibility and not the responsibility --  
5 certainly not the financial responsibility of the  
6 consumers of water districts -- and we are still  
7 waiting for them to come around and recognize it's  
8 New York State's responsibility to remediate the  
9 many plumes we see across our Town and across Long  
10 Island.

11 MR. INGHAM: As you know, it's been a  
12 struggle. We've made great progress since 1980,  
13 especially with Bethpage, Councilman Imbroto, and  
14 it's been a great struggle. And South Farmingdale  
15 and Bethpage have really led the way with that, and  
16 I think that this struggle to make the polluters  
17 pay and to get the State to make sure everything is  
18 cleaned up is a really noble effort, and I think  
19 all the water districts clearly are solidly behind  
20 that effort.

21 SUPERVISOR SALADINO: Well, you and all  
22 the water districts can be assured that my  
23 administration, this Town Board will continue to  
24 push as we have been now for almost two decades.  
25 We will continue to collaborate with the water

1 districts.

2 This is an extremely important issue.  
3 Our future generations depend upon clean water as  
4 its resources, and I'm very proud to have been the  
5 one in Albany to shine the light on the fact that  
6 the previous method was wellhead treatment solely  
7 and, therefore, pushing the costs on the water  
8 districts and the ratepayers in those Districts,  
9 and it's time for us to come full circle and lobby  
10 together as one collaborative family to ensure that  
11 Albany comes up with the resources to fully  
12 remediate all of the contaminants that have been  
13 left behind over the many decades.

14 MR. INGHAM: And I can assure this  
15 Board that as General Counsel for the entire Long  
16 Island Water Conference, speaking for all the  
17 districts, that your support is deeply appreciated  
18 by every district in Nassau County.

19 SUPERVISOR SALADINO: It's good to  
20 hear.

21 MR. INGHAM: You got it.

22 SUPERVISOR SALADINO: Are there any  
23 other questions or comments from our Board members?

24 COUNCILMAN LABRIOLA: I do.

25 SUPERVISOR SALADINO: Councilman

1 Labriola.

2 COUNCILMAN LABRIOLA: Mr. Ingham, good  
3 to see you again.

4 I know we've had this conversation as  
5 you represent many water districts throughout the  
6 Town and Nassau County, and it's maddening to me to  
7 sit here and listen to how much money the districts  
8 all over Long Island are required to borrow in  
9 order to provide safe drinking water to our  
10 residents.

11 And as much money as we spend, we still  
12 see residents spending money on this (indicating)  
13 because they still don't feel safe drinking their  
14 own water, and this costs more than a gallon of  
15 gasoline, as you know.

16 MR. INGHAM: Yup.

17 COUNCILMAN LABRIOLA: A gallon of  
18 gas -- a gallon of this water (indicating) costs  
19 more than a gallon of gasoline is what I'm trying  
20 to say.

21 And safe water is so important to  
22 people, particularly, on Long Island.

23 As you know, the breast cancer groups 1  
24 in 9 and others have continuously felt that the  
25 ground water may be contributing to the high rates

1 of breast cancer on Long Island. It's a fear. I'm  
2 not saying it's based on science.

3 But I am concerned that the New York  
4 State Department of Health, who continues to lower  
5 the bar making it extremely difficult for our water  
6 districts to comply with the requirements that they  
7 have placed upon you, which, in fact, are mandates,  
8 and as the Supervisor has said, they are, in fact,  
9 unfunded mandates because they've left you, the  
10 districts, to find a way to meet and comply with  
11 these restrictions, which are supposed to benefit  
12 all of us and to make us feel better about drinking  
13 our drinking water.

14 So it's maddening to me, and I do  
15 wonder why at some point -- at what point does the  
16 Long Island Water Conference decide that it's no  
17 longer feasible -- financially feasible -- to  
18 continue to get water from the ground as opposed  
19 to, maybe, doing something the way New York City  
20 does it or some other states where they're getting  
21 the water, you know, as you know through the  
22 underground water -- the piping systems that run  
23 into New York City providing hundreds of millions  
24 of gallons every single day.

25 MR. INGHAM: Right.

1 COUNCILMAN LABRIOLA: So at what point  
2 do we -- we have spent now, I think, just in my own  
3 simple math, over hundreds of millions of dollars  
4 throughout Long Island to comply with these State  
5 mandates, and now we're asking our residents, our  
6 voters, to approve a bond initiative -- I think  
7 it's \$4.2 billion dollars -- that is being billed,  
8 Clean Air Clean Water bond initiative this  
9 November 8th, and I'm questioning, and I'm not sure  
10 if this is in your bailiwick, but I'm questioning  
11 how much of that money would, actually, help our  
12 water districts in compliance with these mandates?

13 Is there a set aside for this or are  
14 you completely reliant upon the taxpayers and this  
15 lawsuit that you're engaged in.

16 MR. INGHAM: At this stage of the game,  
17 the bond issue -- a State bond issue -- would  
18 certainly provide additional relief to the  
19 districts. There's no question about that. How  
20 much, I'm not sure.

21 I can indicate that the grants we're  
22 receiving from the State are orders of magnitude  
23 more than we've received in the past -- some to 60  
24 percent of the cost of the remediation -- that's a  
25 lot of money.

1 COUNCILMAN LABRIOLA: Well, I notice  
2 you said 13 million out of 30 million.

3 MR. INGHAM: Correct. Correct.

4 COUNCILMAN LABRIOLA: So that will help  
5 your taxpayer?

6 MR. INGHAM: Absolutely. Right off the  
7 bat. So that's important. I think that additional  
8 grants coming down from the bipartisan  
9 infrastructure bill that was passed will be  
10 assistance to us going forward as well. That's  
11 Federal money being funneled through the State.

12 If we don't get the State bond, we're  
13 going to be relying upon -- I mean, the State bond  
14 passed on Election Day, we're still going to be  
15 relying on grants from the State, the lawsuit  
16 against Dow, which is significant -- it really is  
17 significant -- but we are, as water districts,  
18 constrained by the Department of Health to put  
19 these treatment systems in.

20 We don't have time to wait for ten  
21 years until the potential of a water connection is  
22 made with Upstate New York. That is certainly  
23 worthy of study. I think the State could study  
24 that process, but there are certainly substantial  
25 costs involved with that type of infrastructure as

1 well.

2 So that's a little beyond my stage of  
3 the game, but I know we're doing as much as we  
4 possibly can to comply with the regulations and the  
5 MCLs.

6 Because Plainview is so proactive and  
7 moved so quickly, as soon as they knew there was a  
8 problem with 1,4 dioxane, they did not need a  
9 deferral. They're not under a deferral. A lot of  
10 the other districts are to get into compliance, so  
11 the deferrals have put constraints upon us to get  
12 these jobs done immediately, so we really can't  
13 wait for infrastructure coming from the State of  
14 New York.

15 And when I was a kid, I remember the  
16 drought in the '60s, and it was pretty bad, and I'm  
17 not so certain that's a fully reliable source of  
18 water for Long Island.

19 COUNCILMAN LABRIOLA: Just a --

20 SUPERVISOR SALADINO: Counselor --

21 COUNCILMAN LABRIOLA: I'm sorry.

22 SUPERVISOR SALADINO: I was going to  
23 say that I do concur with the comments of the  
24 Councilman, but it's just a shame that the State  
25 can't give an assurance to the water districts and

1 to the communities what they'll receive in a dollar  
2 amount as they ask people to, once again, vote for  
3 another water bond statewide.

4 We should point out that while we are  
5 starting to see more and more reimbursements to  
6 water districts, the Town of Oyster Bay is still  
7 waiting for a reimbursement for the millions of  
8 dollars that was spent in remediating the Grumman  
9 Plume at the Bethpage Park. We removed those soils  
10 years ago to fully remediate that site as it  
11 related to the construction that went on there.

12 MR. INGHAM: Right.

13 SUPERVISOR SALADINO: Contamination  
14 left by Grumman and -- which the State oversees --  
15 and, yet, we still wait. The taxpayers of this  
16 Town still wait to be reimbursed, so it's a real  
17 shame that while they're asking for the support of  
18 this bond, we understand the importance, we can't  
19 get an assurance, the taxpayers can't get an  
20 assurance, and our water districts can't get an  
21 assurance that they will receive the full amount  
22 that it takes. And it's very expensive to clean up  
23 and fully remediate and remove the contaminated  
24 soils.

25 MR. INGHAM: It's frustrating. I

1 agree. I don't think there's much I -- it hasn't  
2 been, I think, as fully explained to us or to the  
3 towns as to where they're going to put that money  
4 if it's passed.

5 SUPERVISOR SALADINO: That's exactly  
6 what we're facing. It's an unknown.

7 MR. INGHAM: Right.

8 SUPERVISOR SALADINO: But to end off on  
9 a good note --

10 MR. INGHAM: Yes, sir.

11 SUPERVISOR SALADINO: -- I'm sure this  
12 Water District and the other water districts will  
13 be very happy with the fact that should we pass  
14 this, our bond rating has continued to increase,  
15 which saves money to them and to the ratepayers as  
16 it relates to the bond.

17 Since taking over in 2017, we have  
18 greatly improved the finances of this Town, and we  
19 have received seven bond rating increases since  
20 that time, which, certainly, helps you and every  
21 district that borrows through our Town, and we're  
22 going to continue on that path.

23 We're four notches away from a perfect  
24 AAA bond rating, and we have had many assurances  
25 from the great work of our staff and the leadership

1 of this Town Board that we'll continue on that  
2 path.

3 MR. INGHAM: Understood and  
4 appreciated.

5 COUNCILMAN LABRIOLA: My last question  
6 is just if you've done a fiscal impact in terms of  
7 what it will cost the average taxpayer in the  
8 Plainview Water District for this \$30 million bond.

9 MR. INGHAM: Actually, I was waiting  
10 for that question.

11 COUNCILMAN LABRIOLA: Okay, well, you  
12 didn't make the trip for nothing.

13 MR. INGHAM: Dina Scott, our business  
14 manager.

15 COUNCILMAN LABRIOLA: Okay, terrific.  
16 Thank you.

17 MS. SCOTT: Good morning to the Town  
18 Board.

19 Good morning to Supervisor Saladino.

20 SUPERVISOR SALADINO: Good morning.

21 MS. SCOTT: My name is Dina Scott, the  
22 business manager of the Plainview Water District,  
23 10 Manetto Hill Road, Plainview, New York.

24 Total estimated costs for this project  
25 are \$30 million, which would equate to a \$94.23 per

1 year; \$23.56 per quarter, which is what the  
2 District bill is based upon; and an increase cost  
3 of \$7.80 per month to each customer of the  
4 District; however, due to the fact that the  
5 District has the ability to reduce these costs --  
6 these debt service costs by the grant awards that  
7 have been received -- those numbers will be reduced  
8 down to \$51.32 per year; \$12.83 per quarter; and  
9 \$4.28 per month, which is an overall cost reduction  
10 of 45.54 percent.

11 Just to be noted, the District is very  
12 proud to be the recipient of nearly \$30 million in  
13 grant awards to remove emerging contaminants from  
14 our water in a five-year period of time since 2017.

15 SUPERVISOR SALADINO: Are there any  
16 other questions?

17 COUNCILMAN HAND: Real quick for the  
18 Counselor or Mr. Neri.

19 I'm looking at the tables. On Table  
20 2-3, over a six-year period, 40 percent of the  
21 water comes from this Well Site No. 5.

22 MR. INGHAM: Correct.

23 COUNCILMAN HAND: Have there been any  
24 studies made to alter the amount of usage at that  
25 particular plant and look at alternatives versus

1 the \$30 million investment?

2 MR. INGHAM: James?

3 MR. NERI: Good morning.

4 James Neri, H2M Architects and  
5 Engineers, District engineer.

6 To speak to your question, so the  
7 District is required by the Health Department and  
8 the Sanitary Code to provide a fixed amount of  
9 redundant capacity.

10 During the past few years, as we've  
11 been adding treatment to the other sites that the  
12 Board had previously approved and moved forward --  
13 and these were sites that had much higher levels --  
14 so in a prioritization, we attacked those sites  
15 first, this, in addition to being the largest  
16 site -- as the counselor had mentioned -- we, kind  
17 of, left for last as the final push, hopefully.  
18 Again, the capital costs were significant.

19 So the final question is we need the  
20 total amount of wells that the District currently  
21 has. We have explored, from time to time,  
22 additional sites, but, as you know, land area in  
23 Nassau County and, specifically, within the Town of  
24 Plainview, is fairly limited.

25 I also struggle as I do these

1 evaluations to worry about the construction of a  
2 new well. While it would be at a new site,  
3 unfortunately, it's not guaranteed to be free from  
4 contamination.

5 So when we look at these additional  
6 facilities, our biggest concern is we would invest  
7 in the land acquisition, the infrastructure to  
8 equip the site with the minimum production  
9 equipment and then immediately, or in some short,  
10 near-term situation, we would end up having to put  
11 the same exact treatment that we are talking about,  
12 unfortunately, due to the conditions of the  
13 aquifer.

14 COUNCILMAN HAND: Okay.

15 Mr. Neri, can you talk about the depths  
16 of the wells? They look like they're about 51 feet  
17 apart.

18 Have we done a study on the depths of  
19 the wells at those locations.

20 MR. NERI: We have.

21 The site, while there are four wells  
22 operating independently, they actually draw from a  
23 very similar location in the aquifer.

24 Shallowing up the wells is usually not  
25 a best approach because the contamination tends to

1 be higher.

2 Deepening the wells, again, would  
3 require the full construction of a new well because  
4 of the casing parameters. And what we've seen,  
5 unfortunately, is the deeper wells -- and we have  
6 some adjacent districts that have done that --  
7 those wells also are not assured of no  
8 contamination. So you, again, would increase the  
9 costs of capital for a new well depth and then have  
10 to immediately do the exact same treatment we're  
11 talking about right now.

12 The well health, as the well screen and  
13 pumping production, is fairly good. There were  
14 significant improvements put in, in the early  
15 2000s, so, again, we don't want to cast aside those  
16 previous expenditures and just move on. We looked  
17 long and hard to make sure this was the right  
18 treatment for this location.

19 COUNCILMAN HAND: Thank you.

20 MR. NERI: Thank you.

21 MR. INGHAM: Thanks, Councilman Hand.

22 Massapequa is still very lucky.

23 Nothing has hit them yet.

24 SUPERVISOR SALADINO: And that's just  
25 the point.

1                   As the plume continues to migrate,  
2                   approximately a foot a day, it's moving closer and  
3                   closer to wells -- to uncontaminated wells  
4                   throughout the Town and throughout Long Island --

5                   MR. INGHAM: Correct.

6                   SUPERVISOR SALADINO: -- and this is  
7                   why our unwavering commitment continues.

8                   We've been meeting with and  
9                   communicating with the DEC, pushing Grumman's hand  
10                  and, quite frankly, legislation that I passed in  
11                  the Assembly some years back brought to light the  
12                  process of hydraulic containment, which had not  
13                  been considered anywhere else in relation to the  
14                  Grumman Navy plume, specifically. But that  
15                  certainly applies Throughout.

16                  Hydraulic containment is clearly the  
17                  answer while continuing the remediation of the hot  
18                  spots in Bethpage and South Farmingdale and the  
19                  other locations where it's prevalent, and we  
20                  understand the importance of this Water District's  
21                  need to fully remediate through wellhead treatment,  
22                  but, again, we must continue to keep the pressure  
23                  on, and that's something that has been our  
24                  commitment and something we've delivered on each  
25                  and every day.

1 MR. INGHAM: Appreciate it.

2 SUPERVISOR SALADINO: Are there any  
3 other questions of the Board?

4 (Whereupon, there was no response from  
5 the Board.)

6 SUPERVISOR SALADINO: Would you like to  
7 wrap up, sir?

8 MR. INGHAM: With all due respect to  
9 the Board, we respectfully request that this  
10 honorable Board pass our bond petition for  
11 \$30,900,000; not to exceed that number.

12 Thank you.

13 SUPERVISOR SALADINO: Thank you for  
14 your presentation.

15 Are you signalling that you'd like to  
16 be heard, Mr. Adelman.

17 AUDIENCE MEMBER: Yes.

18 SUPERVISOR SALADINO: Why don't you  
19 step forward, please, sir?

20 MR. ADELMAN: Arthur Adelman,  
21 110 Dubois Avenue, Sea Cliff.

22 I think it's great that Plainview wants  
23 to finance their remedial work to fight the  
24 dioxanes on their own, but it must be remembered  
25 that the grants coming from the State is money that

1 all New York State taxpayers are contributing to,  
2 even those who reside in water districts that are  
3 privately owned, where the remedial action when any  
4 fixups that the State mandates are ordered to be  
5 done like in Plainview or Bethpage or Massapequa.

6 The people who live in a water district  
7 owned by Liberty Water are paying twice. They're  
8 paying once to Liberty. They're paying in our  
9 taxes to help everybody else. The State does not  
10 give the same type of granting to private water  
11 companies as it does to public water companies, and  
12 I think it would be great if all the water  
13 districts got together and started screaming at the  
14 State to help the people who are in the private  
15 water districts to take them in.

16 Like, I know in Massapequa, the  
17 Massapequa Water District is already reaching out.  
18 In our Sea Cliff Water District, we are presently  
19 negotiating and, I think, that only leaves the  
20 people in the Town of Hempstead area, but we've got  
21 to get rid of the private water companies so that  
22 this grant money can be shared by all the residents  
23 in the Town of Oyster Bay.

24 Thank you.

25 SUPERVISOR SALADINO: Thank you,

1 Mr. Adelman.

2 Is there anyone else who would like to  
3 be heard on this hearing.

4 (Whereupon, there was no response from  
5 the assemblage.)

6 SUPERVISOR SALADINO: Please let the  
7 record reflect that no one has indicated they would  
8 like to be heard.

9 Since you have wrapped up, at this  
10 point, may I have a motion, please.

11 Are there any correspondence?

12 MR. LaMARCA: We have Affidavits of  
13 Posting and Publication.

14 There is no other correspondence.

15 SUPERVISOR SALADINO: Thank you.

16 May I have a motion.

17 COUNCILWOMAN JOHNSON: Supervisor, I'll  
18 make a motion that this hearing be closed and  
19 decision be reserved.

20 COUNCILMAN IMBROTO: Second the motion.

21 SUPERVISOR SALADINO: All in favor,  
22 please signify by saying, "Aye."

23 ALL: "Aye."

24 SUPERVISOR SALADINO: Those opposed,  
25 "Nay."

1 (Whereupon, there were no "Nay"  
2 responses from the Board.)

3 SUPERVISOR SALADINO: The "Ayes" have it.

4 (TIME NOTED: 11:16 A.M.)

5 SUPERVISOR SALADINO: Thank you.

6 Ladies and gentlemen, thank you for  
7 attending our meeting.

8 COUNCILWOMAN JOHNSON: Supervisor, I'll  
9 make a motion that this Board break for Executive  
10 Session for the purposes of discussing proposed and  
11 pending litigation.

12 COUNCILMAN IMBROTO: Second.

13 SUPERVISOR SALADINO: Thank you.

14 COUNCILMAN IMBROTO: Second the motion.

15 SUPERVISOR SALADINO: May I ask for a  
16 vote on that motion.

17 All in favor, please signify by saying,  
18 "Aye."

19 ALL: "Aye."

20 SUPERVISOR SALADINO: Those opposed,  
21 "Nay."

22 (Whereupon, there were no "Nay"  
23 responses from the Board.)

24 SUPERVISOR SALADINO: The "Ayes" have it.

25 (TIME NOTED: 11:16 A.M.)

1 SUPERVISOR SALADINO: Thank you.

2 Folks, we'll be back as soon as  
3 possible.

4 (Whereupon, the Executive Session began  
5 at 11:16 a.m. and the proceedings resuming at  
6 12:33 p.m. as follows:)

7 SUPERVISOR SALADINO: Thank you, ladies  
8 and gentlemen, for your patience.

9 May we have a report.

10 COUNCILWOMAN JOHNSON: Supervisor, I'll  
11 make a motion that the Executive Session be closed.

12 No action was taken.

13 COUNCILMAN IMBROTO: Second.

14 SUPERVISOR SALADINO: All in favor,  
15 please signify by saying, "Aye."

16 ALL: "Aye."

17 SUPERVISOR SALADINO: All opposed,  
18 "Nay."

19 (Whereupon, there were no "Nay"  
20 responses from the Board.)

21 SUPERVISOR SALADINO: The "Ayes" have it.  
22 Thank you.

1 On the motion:

2 COUNCILWOMAN JOHNSON: So moved.

3 COUNCILMAN LABRIOLA: Second.

4 MR. LaMARCA: Motion made by  
5 Councilwoman Johnson and seconded by Councilman  
6 Imbroto.

7 I believe we have some speakers on some  
8 of these Resolution, Supervisor.

9 SUPERVISOR SALADINO: Mr. Adelman, you  
10 were here first, so let's bring you up first.

11 MR. ADELMAN: For the record, Arthur  
12 Adelman, 110 Dubois Avenue, Sea Cliff, New York.

13 My first question pertains to a  
14 Transfer of Funds, Resolution, 2B. We're moving  
15 approximately \$100,000 around from Part-Time  
16 Salaries to Rec Supplies, Equipment Rental, and  
17 Special Events.

18 From my math, these three categories in  
19 CYS already total well over \$675,000. We've only  
20 utilized through June, from that amount, about  
21 \$145,000; so we have an open balance of unused  
22 funds from those three areas -- Rec Supplies,  
23 Equipment Rental, and Special Events -- we have  
24 open about almost \$500,000; and, now, we're adding  
25 another -- sliding over another \$100K.

1 SUPERVISOR SALADINO: Not adding, sir,  
2 transferring within the budget.

3 MR. ADELMAN: I said sliding over.

4 SUPERVISOR SALADINO: Oh, I thought you  
5 said adding. I apologize.

6 MR. ADELMAN: No. Sliding over from.  
7 We're not adding anything to the budget.

8 I know that the Commissioners are asked  
9 estimates, and it's always prudent to overestimate  
10 expenditures.

11 I'm just a little surprised that on  
12 Special Events we're under budgeted over a  
13 \$100,000; but we've only -- we're bringing our  
14 budget up to \$525,000 while we've only spent under  
15 \$50,000 through June, so we're talking about  
16 \$450,000 from July through December. I'm just  
17 questioning it and --

18 SUPERVISOR SALADINO: You're curious.

19 MR. ADELMAN: Yes. And it goes forward  
20 to the next question.

21 We have a Resolution to authorize the  
22 expenditures for videotaping and the purchase of  
23 DVDs.

24 My confusion is, when does the Board  
25 enjoy the privilege of authorizing expenditures for

1 a department.

2 When do you enjoy the ability to  
3 authorize a Commissioner or a department to spend  
4 money.

5 For example, they need authorization  
6 for filming and purchase of DVDs, and when can a  
7 department just go out and spend the money without  
8 any authorization at all.

9 Just -- the money is in the budget or  
10 somewhere, I don't know where, but a department can  
11 go out and purchase anything -- new windows or a  
12 new car or a new truck -- what's the threshold of  
13 when a department has to get permission to spend  
14 money, and when can it just be done.

15 My last item I wanted to talk about,  
16 it's very easy, is on 778, the Site Plan Approval.

17 The Town has made sure there will be  
18 ample parking by having the owner get permission  
19 from the property next door to utilize that space  
20 for parking. That's where the valet parkers will  
21 probably put the overflow.

22 I'm curious because I didn't see any  
23 breakdown. Is there going to be an opening  
24 between -- a driveway between the two properties  
25 because that's where it would be very important as

1 -- from the property we're giving the Site Plan  
2 Approval -- there'll be a sign posted, no left turn  
3 exiting, so if their valet parkers had to come out  
4 of the property, make a left, and go into the  
5 adjacent property, we could sit there and write  
6 tickets all night, so I'm hoping that the Building  
7 Department or Zoning has made sure that there's  
8 going to be a cut-through between the two  
9 properties.

10 And that's it for today, but I am  
11 curious about the purchasing aspect that the Town  
12 utilizes. I'm so confused about that, frankly, on  
13 when someone, a department can purchase something,  
14 and when they have to come -- freely just go ahead  
15 and do it -- or when they have to come here and get  
16 permission.

17 Thank you.

18 SUPERVISOR SALADINO: Thank you,  
19 Arthur.

20 Frank, would you get us -- oh, you have  
21 the information on that application, that Site  
22 Plan.

23 MR. SCALERA: Frank Scalera, Town  
24 Attorney.

25 I was going to suggest for the Site

1 Plan, that's the Hilltop, the former Friendly's  
2 Restaurant, I think it's better off that Arthur  
3 either speak to Tim Zike or Leslie because we'd  
4 have to look at the plan with respect to the  
5 parking.

6 SUPERVISOR SALADINO: So why don't you  
7 call them --

8 MR. SCALERA: Sure.

9 SUPERVISOR SALADINO: -- so we can set  
10 up a meeting as soon as possible --

11 MR. SCALERA: Sure.

12 AUDIENCE MEMBER: Excuse me, this isn't  
13 for my benefit, this is for the -- the Town should  
14 look into this, not me.

15 SUPERVISOR SALADINO: Okay. Yes. We  
16 understand that, and you've asked the question, and  
17 we're, right now, attempting to get you the answer,  
18 okay?

19 So why don't you call over to them, and  
20 we can set up a meeting as soon as possible --

21 MR. SCALERA: Yeah, sure.

22 SUPERVISOR SALADINO: -- preferably  
23 today. Right now.

24 MR. SCALERA: Yup. Doing it right now.

25 SUPERVISOR SALADINO: When we do a

1 budget, we come up with a template. We address the  
2 issues of our spending, our fund balances, we,  
3 especially, address the issue of getting improved  
4 services done without an increase in taxes.

5 As we announced during the Budget  
6 Hearing -- you were here, I'm glad you attended --  
7 this is the sixth budget without a tax increase.

8 Back in 2017, we prepared the 2018  
9 budget, and we cut \$1.3 million out of that budget  
10 for 2018. Every year since, we have frozen taxes;  
11 no increase.

12 We don't control people's assessment on  
13 their homes -- Nassau County does that -- but each  
14 year, if you look at your tax bill, you shouldn't  
15 see an increase because the Town doesn't collect  
16 more from the residents.

17 As a matter of fact, in total, we have  
18 collected approximately \$7.5 or \$7.8 million less,  
19 so there's more money in the checking accounts of  
20 the residents and that much less than what we would  
21 have collected without that tax cut.

22 As a template, we recognize all the  
23 time, that needs change in departments and costs  
24 change -- we are experiencing some of the greatest  
25 inflation America has seen in forty years -- so the

1 departments come back to us without asking for more  
2 money, but asking to shift because we need less,  
3 perhaps, for uniforms and more for some other  
4 product -- whether it's a fertilizer on the field  
5 or a repair of something or maintenance of a piece  
6 of equipment and on and on. So we do that in a  
7 most transparent way here at the Board meetings.  
8 That's the purpose each year.

9 We will get you that information. It's  
10 not one simple number. It depends on the usage  
11 and, yes, there are criteria in place, and we can  
12 get you that information.

13 In the meanwhile, Frank, can you report  
14 back to us.

15 MR. SCALERA: I think Jim McCaffrey --

16 MR. McCAFFREY: Tim Zike is bringing  
17 over the Site Plans right now --

18 SUPERVISOR SALADINO: Great.

19 MR. McCAFFREY: -- to show Mr. Adelman.

20 SUPERVISOR SALADINO: Great.

21 Mr. Adelman, we'll have that  
22 information for you shortly. Tim is bringing over  
23 the specific Site Plan, all right, so he'll get  
24 that info to you.

25 In the meanwhile, we have two slips

1 today of two people who would like to speak on the  
2 Resolution Calendar, and, of course, the second  
3 person is Kevin McKenna.

4 Good afternoon, Mr. McKenna.

5 MR. McKENNA: Good afternoon,  
6 Mr. Supervisor and Town Board.

7 Kevin McKenna, Edna Drive, Syosset,  
8 New York.

9 Let me start with the Hilltop  
10 Resolution, Resolution 778.

11 I just want to remind the Town Board,  
12 before you vote, as a resident of Syosset, when you  
13 had the hearing on this Hilltop Restaurant, you had  
14 a bunch of residents that live adjacent to the site  
15 who were very concerned about the noise that could  
16 come from this restaurant into their backyard.

17 And I'd like to know, and the residents  
18 listening would like to know, especially from  
19 Syosset, what has the Town Board done.

20 I see that you are lifting the  
21 Restrictive Covenants. The question is, what have  
22 you done to protect the residents that live  
23 adjacent to this property from the concerns that  
24 they have about noise, music, so on and so forth.

25 Okay, that's on that.

1           On Resolution -- Hicksville, this is  
2           especially important to Hicksville -- on  
3           Resolutions 783 and 784 -- I'm sorry. I'm on the  
4           wrong numbers. The Hicksville -- you're revising  
5           the Downtown Revitalization Agreement on  
6           Resolutions 762 and 763.

7           For the folks listening that have a  
8           hard time finding the agenda for this meeting  
9           because it's difficult on the Town of Oyster Bay  
10          website, Resolution 762 is a Resolution authorizing  
11          an amended State of New York Master Contract for  
12          Grants and for the Supervisor, or his designee, to  
13          execute said amended agreement and all documents in  
14          connection with the Hicksville Downtown  
15          Revitalization Initiative.

16          And then 763 -- I'd, actually, also  
17          like to know the difference between 762 and 763 --  
18          763 is a Resolution authorizing a new and  
19          additional State of New York Contract, so a new  
20          State of New York Contract for Grants and for the  
21          Supervisor, or his designee, to execute said  
22          Agreement and all documents in connection with the  
23          Hicksville Downtown Revitalization Initiative.

24          So if you could have someone explain  
25          exactly what all that means and what the difference

1 is, that would be great after I get done speaking.

2 I failed to write the Resolution for  
3 the budget. I'd like to add the Resolution number  
4 for the budget, if I may.

5 Real quick, in light of all the crime  
6 that's taking place all over New York, especially,  
7 in Nassau County, and I've recently attended some  
8 community meetings where it's been discussed --  
9 Jericho -- could you tell us and the folks  
10 listening how much money is budgeted for the Town  
11 of Oyster Bay's Public Safety Department.

12 My last FOIL to the Town of Oyster Bay  
13 asking for information on the Public Safety  
14 Department showed that the Town's Public Safety  
15 Department employed almost 40 -- 4,0 -- 40  
16 individuals in the Public Safety Department, and I  
17 have spoken to top officials in the Second Precinct  
18 that would love to have the assistance of the  
19 Town's Public Safety Department to help patrol the  
20 neighborhoods, but they're not able to get any  
21 cooperation, and it just baffles me why the Town  
22 would not want to help the Second Precinct patrol  
23 the neighborhoods.

24 I see -- I see Public Safety officers  
25 sitting in Town parks in their car in one spot

1 for -- I've watched one Public Safety officer sit  
2 in a park for over an hour in the same spot. We're  
3 paying millions and millions of dollars for this  
4 department, and could you tell us what the budget  
5 is for the Public Safety Department, and it would  
6 great if you could have Commissioner McCaffrey tell  
7 us why he doesn't want to assist the Second  
8 Precinct in preventing crime.

9 I mean, they do it in other towns. I  
10 don't understand why the Town of Oyster Bay doesn't  
11 assist, especially -- especially, when we know that  
12 crime is a big problem right now. It would make  
13 the Town of Oyster Bay look great if they -- if  
14 residents in the Town of Oyster Bay started to see  
15 Town of Oyster Bay Public Safety folks patrolling  
16 neighborhoods, Mr. Supervisor, they would love you.

17 Not that they already don't, but they  
18 would love you even more if they saw that you --  
19 that you directed the Town of Oyster Bay's Public  
20 Safety Department to assist the police department  
21 in the Town of Oyster Bay.

22 Why have them sit in parks when there's  
23 nobody in the park?

24 Lastly, there's two zombie homes that  
25 are on the -- that you're going to vote on -- 783

1 and 784 -- I'd like to know if that home is  
2 occupied, but more importantly, we would like to  
3 know if the Town is following the guidelines of  
4 protecting the public from asbestos that goes  
5 airborne when you're demolishing these houses, and  
6 let me just read something to you.

7 "The EPA designated asbestos as a  
8 hazardous pollutant on March 13, 1971, and the EPA  
9 promulgated the asbestos national assessment  
10 standards for hazardous pollutants, which contain  
11 guidelines for the demolition of buildings  
12 containing asbestos and its proper disposal."  
13 Asbestos is a hazardous pollutant, it's also  
14 identified in the Clean Air Act and in the Safe  
15 Drinking Water Act.

16 I, personally, was recently informed by  
17 the neighbor at 6 Hyman Drive in Farmingdale -- you  
18 took down that house, and you bragged about it --  
19 at 6 Hyman Drive, and the neighbor witnessed the  
20 Town of Oyster Bay workers burying, under the dirt,  
21 shingles that contain asbestos.

22 In my last two minutes, perfect timing,  
23 I'm going to read to you the letter that I just  
24 sent to the Nassau County Commissioner of Health,  
25 and, Mr. Supervisor, being someone who, earlier

1 today, talked about how you are a proponent of the  
2 environment and so on and so forth, I would think  
3 that this would be something that you would put at  
4 the top of your list to help the Nassau County  
5 Commissioner of Health, who, hopefully, is now  
6 investigating this with the District Attorney's  
7 Office because this could be a crime.

8 The Town of Oyster Bay created a zombie  
9 home registry in 2021, and it has demolished  
10 several homes clad in asbestos shingles since that  
11 time -- see the article in the Jericho News Journal  
12 dated September 9, 2021; the Town creates a zombie  
13 home register -- registry, which featured Town of  
14 Oyster Bay Councilman Lou Imbroto who serves as the  
15 chamber's -- the Chairman of the Town's Quality of  
16 Life Task Force, and I gave a link to the article  
17 to the Nassau County Commissioner of Health and  
18 various other officials.

19 I'm not going to read to you again what  
20 I already read for the record -- the EPA designated  
21 asbestos as a hazardous pollutant -- I'm not going  
22 to read that, I've already read it. I've already  
23 told you that I was informed by the neighbor about  
24 the burial of the asbestos, so I, basically, asked  
25 the -- I told the Commissioner of Health that this

1       egregious conduct could be actionable in a State or  
2       Federal court for burying the asbestos.

3               Your office, Commissioner of Health,  
4       should place all persons living in homes adjacent  
5       to 6 Hyman Drive in Farmingdale and all persons  
6       living in the adjacent homes of all homes  
7       containing asbestos, which were demolished by the  
8       Town of Oyster Bay in violation of the asbestos  
9       NESHAP guidelines, on a registry so their health  
10      can be monitored for the ill and sometimes deadly  
11      effects of exposure to asbestos.

12              I've asked the Commissioner of Health  
13      to coordinate with the Nassau County District  
14      Attorney's Office, the Environmental Protection  
15      Agency, and I also asked her, Mr. Supervisor, her  
16      name is Commissioner Irina Gelman, hopefully,  
17      you're going to be hearing from her if you haven't  
18      already, I've asked Irina Gelman, who's a recently  
19      appointed Commissioner of Health by Bruce Blakeman,  
20      to coordinate with the Town of Oyster Bay  
21      Supervisor on this matter.

22              Thank you very much.

23              SUPERVISOR SALADINO: Thank you,  
24      Mr. McKenna.

25              I'm going to ask Mr. Bell to please

1 step forward.

2 Mr. Bell, you heard the comments and  
3 questions asked earlier.

4 Would you please present the  
5 information that you have?

6 MR. BELL: Yes.

7 Good afternoon, Supervisor, Members of  
8 the Board.

9 I'm here to speak about 762 and 763.

10 SUPERVISOR SALADINO: Would you kindly  
11 state your presence for the record?

12 MR. BELL: Yes.

13 Colin Bell, Deputy Commissioner, Town  
14 of Oyster Bay.

15 SUPERVISOR SALADINO: Thank you.

16 MR. BELL: Initially, the Town of  
17 Oyster Bay was offered one grant agreement by the  
18 Department of State under the Downtown  
19 Revitalization Initiative in the amount of  
20 \$8.7 million. Okay. This was to advance projects  
21 approved by the DRI steering committee.

22 Certain circumstances have presented  
23 themselves that required a scope of work revision  
24 under this grant. We've worked with the State;  
25 we've revised the grant; the State now wished to

1 offer us these grant agreements over two contracts.  
2 One is an amendment to the initial agreement, and  
3 one is a new agreement.

4 It's important to point out that the  
5 total grant award still equates to \$8.7 million.  
6 Okay. So, there was a need to revise the scope as  
7 compared to the original scope. DOS have asked to  
8 present us these agreements in two contracts  
9 equating to the total grant award of \$8.7 million.

10 SUPERVISOR SALADINO: Due to these  
11 changes, are the residents losing services or  
12 losing the impact of what the grant was designed to  
13 deliver?

14 MR. BELL: No. No. We've always set  
15 out to provide for open space, provide for  
16 pedestrian safety enhancements, generally create a  
17 sense of feel in the downtown.

18 The projects we are advancing are  
19 projects that were selected and approved by the  
20 steering committee initially, just not funded, so  
21 these are projects that were selected by the  
22 community, and they maintain the same spirit that  
23 the initial grant awarded.

24 SUPERVISOR SALADINO: Mr. Bell, you're  
25 an expert in your field.

1                   Is it your opinion that we are  
2                   embracing and accomplishing all of the goals we set  
3                   out for with this grant and this project.

4                   MR. BELL:   Without a doubt.   Yes.  
5                   We're proceeding towards the initial goals, yes.

6                   SUPERVISOR SALADINO:   Thank you very  
7                   much.

8                   MR. BELL:   You're welcome.

9                   SUPERVISOR SALADINO:   I'd like to next  
10                  ask the Town Attorney to step forward, please.

11                  Mr. Scalera, would you begin by stating  
12                  your presence.

13                  MR. SCALERA:   Frank Scalera, Town  
14                  Attorney.

15                  Good morning.

16                  SUPERVISOR SALADINO:   Thank you.

17                  MR. SCALERA:   I did have the  
18                  opportunity to look at the Covenants and  
19                  Restrictions for Hilltop, and there are many  
20                  Covenants and Restrictions, which is imposed upon  
21                  the applicant and/or the property owner.

22                  Amongst them is, of course, keeping  
23                  dense vegetation, shrubs, a six-foot fence, but two  
24                  of them that stood out and answers the question  
25                  about noise was Numbers 19 and 20 -- 19 says there

1 shall be no outdoor speakers or no live music on  
2 the premises --

3 (Whereupon, a side bar conversation  
4 between Supervisor Saladino and Commissioner  
5 McCaffrey took place.)

6 MR. SCALERA: -- no live music and  
7 outdoor speakers on the premises, Supervisor, and  
8 Number 20 that a sound barrier and door shall be  
9 constructed and installed surrounding the outdoor  
10 dining areas to eliminate noise intrusion into the  
11 residential neighborhood.

12 So 19 and 20, along with several  
13 others, which talk about a six-foot fence, shrubs  
14 kept -- has to be kept neat and orderly and up to  
15 date -- but the 19 and 20 is, specifically, no  
16 outdoor speakers or live music, and Number 20,  
17 sound barrier and construction and installed around  
18 the dining area to avoid noise intrusion.

19 SUPERVISOR SALADINO: Mr. Scalera, were  
20 you here the day of the hearing on this subject  
21 premises?

22 MR. SCALERA: I believe so. I believe  
23 so.

24 SUPERVISOR SALADINO: I believe you  
25 were, too.

1 MR. SCALERA: Yeah.

2 SUPERVISOR SALADINO: Is it your  
3 opinion that we have fully addressed the concerns  
4 brought forth as whether it was that day of the  
5 hearing or if any other communications that have  
6 come through?

7 MR. SCALERA: Yeah. I know one of the  
8 purposes of the Covenants and Restrictions,  
9 Supervisor, is to impose reasonable restrictions as  
10 well as to address concerns, specifically, of  
11 people who live nearby, and that's why these  
12 Covenants are not only signed by both the  
13 parties -- the Town and the applicant -- it's also  
14 filed in the County Clerk's Office as an official  
15 document, and a violation, of course, has legal  
16 consequences.

17 SUPERVISOR SALADINO: Well, that was  
18 our next question.

19 To provide an assurance for our  
20 residents, do we have the legalese in place to  
21 enforce the applicant --

22 MR. SCALERA: Correct. The suspension,  
23 revocation, and any other -- yes, we do have that  
24 legal enforcement mechanism, which they're agreeing  
25 to -- "they" being the applicant by these

1 Covenants, which are filed in the Clerk's Office,  
2 which means it stays with the land.

3 SUPERVISOR SALADINO: So that we can  
4 provide an assurance to the residents, that they  
5 will provide all that was asked for --

6 MR. SCALERA: Correct.

7 SUPERVISOR SALADINO: -- and will  
8 address those issues of noise and so forth.

9 And I am now looking at the Hilltop  
10 application, and it has been shown to Mr. Adelman.  
11 Mr. Adelman just put his thumbs up, which I assume  
12 means -- I take that to mean that not only has he  
13 seen it, but is verifying that he's seen that  
14 pass-through that he was asking about earlier, and,  
15 indeed, it is on the plans, and, therefore, it will  
16 be constructed so that cars will not need to come  
17 out onto the Turnpike, and Mr. Adelman is nodding  
18 in approval, I see. Okay.

19 Thank you.

20 One last question for you, sir.

21 You're our Town Attorney, and you've  
22 been employed in the Town Attorney's Office now for  
23 how many years.

24 MR. SCALERA: Over nineteen.

25 SUPERVISOR SALADINO: Have you seen a

1 big difference in resolving the issue of zombie  
2 homes, which so many residents have spoken to all  
3 of us on the Town Board about, and it was even a  
4 cover story in Newsday on at least one -- if not  
5 numerous occasions -- stories about zombie homes,  
6 and do you feel as though the Town of Oyster Bay is  
7 adequately addressing the issue?

8 MR. SCALERA: Yes.

9 I can tell you, specifically, since you  
10 have taken the helm and the new Council people, the  
11 last four or five years, you've made it a point.

12 And, of course, in order to take down  
13 what they call a zombie home or a house in such  
14 disrepair that it's deteriorated and requires  
15 removal, I could tell you that it is a legal  
16 process, and a legal process means that we have to  
17 file certain follow steps. Not only with respect  
18 to posting, with respect to notice, with respect to  
19 how it's taken down, with respect to any conditions  
20 the property would have.

21 The Town, through its Building  
22 Department and its Legal Department and the Highway  
23 Division and any other department, even Public  
24 Safety, does follow all the rules with respect to  
25 taking down a home in whatever condition it's in.

1 SUPERVISOR SALADINO: Well, allow me to  
2 ask you a couple of specifics as we wrap up this  
3 conversation.

4 We've now taken down 26 homes, in fact,  
5 that were a major problem to the residents that  
6 we've received complaints about, that we went to  
7 court to give the owners an opportunity to defend  
8 our application to the courts, which in every case  
9 they've lost, and an independent judge has given us  
10 the right to take those homes down, correct.

11 MR. SCALERA: Yeah, by Court Order.

12 Application, with notice, due process,  
13 and all those funny and boring things that us  
14 lawyers talk about.

15 SUPERVISOR SALADINO: All the steps  
16 that we must legally take we are taking, correct?

17 MR. SCALERA: Correct. Correct.

18 SUPERVISOR SALADINO: Is it also your  
19 opinion that we follow every rule in terms of  
20 testing and remediating whatever issue is there?

21 If there's an oil tank, it's removed.  
22 In each and every case, do we, indeed, set out  
23 traps in case there are rodents there --

24 MR. SCALERA: Correct.

25 SUPERVISOR SALADINO: -- to keep them

1 from travelling to another --

2 MR. SCALERA: Correct. We've always  
3 worked together with any department, whether it be  
4 the Department of Health, you know, for lack of a  
5 better term, this is not our first rodeo.

6 This is something that we take  
7 seriously, and we have to do seriously, so there's  
8 a legal process, a practical process. If it has to  
9 do with certain conditions, we have to address  
10 those as well as, like you said, a rodent issue,  
11 which is common --

12 SUPERVISOR SALADINO: Disconnecting the  
13 gas --

14 MR. SCALERA: -- disconnecting the gas,  
15 disconnecting the water --

16 SUPERVISOR SALADINO: Disconnecting the  
17 water --

18 MR. SCALERA: That is correct.

19 SUPERVISOR SALADINO: Do we, indeed,  
20 test for contaminations at the site?

21 MR. SCALERA: Well, if there is need  
22 for, we will. If there is cause for, we will.

23 For instance, if the house was built  
24 prior to the 1920s, you would check for certain  
25 things like asbestos or lead paint and the like,

1 things of that nature.

2 SUPERVISOR SALADINO: But in all cases,  
3 do our department employees take a walk through the  
4 house and look for things like asbestos components?

5 MR. SCALERA: Yes. Not only do our  
6 experts in the Town, sometimes we have outside  
7 experts look into the house as well -- engineers or  
8 architects. We don't bring a bulldozer there  
9 without a long and very thorough process. We just  
10 don't go there and --

11 SUPERVISOR SALADINO: It's a very  
12 thorough process --

13 MR. SCALERA: Yeah, and we just don't  
14 go in there --

15 SUPERVISOR SALADINO: -- and we protect  
16 -- do we, indeed, protect the safety of the  
17 surrounding residents and the residents in the  
18 neighborhood from any safety or hazards?

19 AUDIENCE MEMBER: Tell us how you do  
20 that.

21 MR. SCALERA: We --

22 AUDIENCE MEMBER: Tell us how you do  
23 that.

24 SUPERVISOR SALADINO: Please, sir.

25 AUDIENCE MEMBER: But tell us how you

1 do that.

2 SUPERVISOR SALADINO: Sir, sir --

3 AUDIENCE MEMBER: That's critical,  
4 right, Mr. Supervisor --

5 SUPERVISOR SALADINO: -- excuse me,  
6 sir --

7 AUDIENCE MEMBER: -- because I'm sure  
8 you're concerned.

9 SUPERVISOR SALADINO: -- sir, sir --

10 COUNCILWOMAN JOHNSON: Please stop  
11 speaking from the gallery.

12 SUPERVISOR SALADINO: -- sir, you're  
13 interrupting.

14 AUDIENCE MEMBER: Tell us how you  
15 protect the resident.

16 COUNCILWOMAN JOHNSON: Stop.

17 SUPERVISOR SALADINO: While the  
18 resident is speaking out of turn, we've been having  
19 a professional discussion --

20 AUDIENCE MEMBER: Tell us how you  
21 protect the residents.

22 MR. SCALERA: Kevin, please. I'm  
23 speaking, please.

24 SUPERVISOR SALADINO: So, Mr. Scalera,  
25 do we, indeed, check for all of the legal

1 requirements whether it be Nassau County Health  
2 Department requirements, New York State  
3 requirements, and, of course, following all of the  
4 requirements of law?

5 MR. SCALERA: Correct.

6 Once again, you cannot go into a place  
7 and just knock it down. Of course, we have  
8 inspections, and our own internal experts or  
9 external experts -- like you said -- oil tanks, gas  
10 pipes. You hit a gas pipe, you can cause a  
11 problem. You hit a water pipe, you can cause a  
12 problem.

13 Yes, all these things are marked out,  
14 and it's for both the safety of the surrounding  
15 residents and of the very workers who are doing the  
16 job of taking the home down.

17 AUDIENCE MEMBER: Workers don't even  
18 wear protective gear.

19 SUPERVISOR SALADINO: So, Mr. Scalera,  
20 the resident who just spoke, I believe his name is  
21 Mr. McKenna --

22 AUDIENCE MEMBER: You know his name is  
23 Mr. McKenna.

24 SUPERVISOR SALADINO: -- in my opinion,  
25 has described issues with our process as fact

1       instead of as in his opinion. He described it as  
2       direct fact so I would --

3               AUDIENCE MEMBER: No, a neighbor  
4       watched you bury asbestos under the ground --

5               SUPERVISOR SALADINO: -- excuse me,  
6       sir, we are trying to conduct --

7               AUDIENCE MEMBER: -- I hope that you  
8       check with the neighbor --

9               SUPERVISOR SALADINO: -- excuse me,  
10      sir --

11              AUDIENCE MEMBER: -- about the asbestos  
12      that was buried under the ground.

13              SUPERVISOR SALADINO: -- sir, sir,  
14      sir --

15              COUNCILMAN IMBROTO: Okay --

16              SUPERVISOR SALADINO: -- we're trying  
17      to conduct --

18              AUDIENCE MEMBER: Mr. Supervisor, are  
19      you going to check with the neighbor --

20              SUPERVISOR SALADINO: -- excuse me --

21              AUDIENCE MEMBER: -- and find out if  
22      the asbestos was buried under the ground --

23              SUPERVISOR SALADINO: -- listen,  
24      listen, listen --

25              COUNCILMAN IMBROTO: You're violating

1 the Rules right now, Mr. McKenna --

2 AUDIENCE MEMBER: -- you're avoiding --

3 COUNCILMAN IMBROTO: -- please, you  
4 cannot call out from the gallery.

5 (Whereupon, Supervisor Saladino  
6 gavelled for order.)

7 AUDIENCE MEMBER: -- the question.

8 SUPERVISOR SALADINO: Excuse me,  
9 everyone. Excuse me.

10 AUDIENCE MEMBER: You're avoiding the  
11 issue.

12 SUPERVISOR SALADINO: Sir, we are  
13 conducting a professional meeting --

14 AUDIENCE MEMBER: That's correct, and  
15 you're not answering the question, so you're not  
16 being professional.

17 SUPERVISOR SALADINO: Okay. Okay.

18 MR. SCALERA: Mr. Supervisor --

19 SUPERVISOR SALADINO: One last  
20 question.

21 We're going to direct you, Mr. Scalera,  
22 to ask the resident to provide documentation, to  
23 provide the names, the information he provided as  
24 fact --

25 AUDIENCE MEMBER: No problem. No

1 problem at all.

2 SUPERVISOR SALADINO: -- and if he  
3 doesn't provide that to you --

4 AUDIENCE MEMBER: No problem.

5 SUPERVISOR SALADINO: -- I want to know  
6 if he's an obstacle --

7 AUDIENCE MEMBER: No problem,  
8 Mr. Supervisor.

9 COUNCILWOMAN JOHNSON: Stop.

10 SUPERVISOR SALADINO: -- in getting the  
11 information across --

12 COUNCILWOMAN JOHNSON: Mr. Town  
13 Attorney --

14 AUDIENCE MEMBER: That's no problem.

15 SUPERVISOR SALADINO: Thank you, sir.  
16 The resident is making it impossible to  
17 continue --

18 MR. SCALERA: Correct.

19 SUPERVISOR SALADINO: -- because we're  
20 only going to do things one way, in a professional  
21 and fact-finding method.

22 AUDIENCE MEMBER: All you have to do,  
23 Mr. Supervisor, is go and dig up the ground --

24 SUPERVISOR SALADINO: We are concerned  
25 with providing --

1 AUDIENCE MEMBER: -- and see all the  
2 asbestos under the dirt.

3 SUPERVISOR SALADINO: -- Frank, we're  
4 concerned, always, with providing the highest level  
5 of safety to our residents --

6 MR. SCALERA: Correct.

7 SUPERVISOR SALADINO: -- so I would ask  
8 you -- direct you to investigate by asking  
9 questions of the resident, who, not in his opinion,  
10 stated as fact --

11 AUDIENCE MEMBER: It is fact.

12 SUPERVISOR SALADINO: -- and made  
13 claims about asbestos and other issues.

14 Please ask him, investigate it, and  
15 report back to us so we can get the truth to the  
16 residents.

17 AUDIENCE MEMBER: Mr. Supervisor --

18 MR. SCALERA: When the meeting is  
19 closed --

20 AUDIENCE MEMBER: Mr. Supervisor, I am  
21 willing to bring you --

22 COUNCILMAN IMBROTO: Is there a process  
23 for making this man follow the rules?

24 SUPERVISOR SALADINO: There sure is.

25 AUDIENCE MEMBER: -- I am willing to

1 bring you as the Supervisor --

2 COUNCILMAN IMBROTO: Can we please  
3 enforce the Rules?

4 AUDIENCE MEMBER: -- who witnessed the  
5 burial --

6 SUPERVISOR SALADINO: I'm going to say  
7 it again, it's a shame that the immaturity and  
8 outbursts of some make it impossible for --

9 AUDIENCE MEMBER: -- you don't care  
10 about the environment --

11 SUPERVISOR SALADINO: -- the public.  
12 The Rules of Decorum are as follows --

13 AUDIENCE MEMBER: -- I will bring you  
14 to the neighbor, Mr. Supervisor --

15 SUPERVISOR SALADINO: -- remarks must  
16 be directed to the Board as a body and not to any  
17 individual Board member, staff member, employee or  
18 attendee.

19 The speakers shall not disrupt, delay,  
20 or otherwise impede the orderly --

21 AUDIENCE MEMBER: Mr. Supervisor, I  
22 will bring you to the neighbor and show you --

23 SUPERVISOR SALADINO: -- conduct of  
24 proceedings by defaming, intimidating, making  
25 personal insults, threats, or calling out --

1 AUDIENCE MEMBER: -- where the asbestos  
2 is.

3 SUPERVISOR SALADINO: -- are all in  
4 violation --

5 COUNCILWOMAN JOHNSON: You are out of  
6 order.

7 SUPERVISOR SALADINO: -- of the Rules  
8 of Decorum.

9 AUDIENCE MEMBER: I will bring you to  
10 the neighbor if you care, Mr. Supervisor --

11 COUNCILWOMAN JOHNSON: Stop it.

12 COUNCILMAN IMBROTO: He's just going to  
13 continue to scream from the audience --

14 SUPERVISOR SALADINO: The public and  
15 individuals, including Mr. McKenna, may not shout  
16 out or speak out --

17 AUDIENCE MEMBER: Yes, I am, because  
18 you're avoiding the asbestos issue --

19 COUNCILMAN IMBROTO: Can he please be  
20 removed from the room?

21 SUPERVISOR SALADINO: This is a  
22 warning.

23 AUDIENCE MEMBER: Have a nice day. You  
24 don't care about --

25 SUPERVISOR SALADINO: You are --

1 Mr. Kevin McKenna, you're in violation of the Rules  
2 of Decorum --

3 AUDIENCE MEMBER: Have a nice day.

4 SUPERVISOR SALADINO: -- and clearly  
5 don't care about the safety of the residents.

6 AUDIENCE MEMBER: Go next door and dig  
7 up --

8 SUPERVISOR SALADINO: -- if you do not  
9 stop, you will be asked to leave.

10 AUDIENCE MEMBER: I'm leaving on my  
11 own.

12 SUPERVISOR SALADINO: Mr. McKenna, we  
13 are asking you to leave the Board Room.

14 AUDIENCE MEMBER: Once again,  
15 Mr. Supervisor, I'm willing to bring you to the  
16 neighbor of the house --

17 SUPERVISOR SALADINO: Mr. McKenna,  
18 you're being directed to leave the Board Room.

19 AUDIENCE MEMBER: -- and have your  
20 workers wear protective gear because --

21 MR. SUPERVISOR: Mr. McKenna, we are  
22 now asking law enforcement to remove you as an  
23 unruly individual.

24 (Whereupon, Mr. McKenna was removed  
25 from the Board Room.)

1 SUPERVISOR SALADINO: Folks, I think  
2 this provides the perfect example of why decorum is  
3 so important.

4 We were addressing the issues that the  
5 resident brought. Perhaps, it wasn't happening  
6 fast enough. They interrupted the process of  
7 getting to the bottom of their claims and,  
8 therefore, interrupted and disrupted the entire  
9 process.

10 It's against the Rules, it's  
11 disrespectful to the others here, the  
12 professionals, residents, people who care and,  
13 quite frankly, to the safety of the residents, and  
14 that was the whole point.

15 So behavioral health is a very serious  
16 issue, and our hearts go out to everyone who was  
17 impacted by that. It's a shame that that has to be  
18 the process here, but, indeed, it is, and we're  
19 always going to respect and protect everyone who is  
20 here to listen, to speak, and act professionally.

21 So with that, that's the only two that  
22 I have that want to be heard on the Resolution  
23 Calendar.

24 Is there anyone else who would like to  
25 be heard on, specifically, the Resolutions that

1 we're voting on today.

2 (Whereupon, there was no response from  
3 the assemblage.)

4 SUPERVISOR SALADINO: Please let the  
5 record reflect that no one has indicated they would  
6 like to be heard.

7 With that, I'm going to ask the Town  
8 Clerk if there are postings, mailings or  
9 correspondence.

10 MR. LaMARCA: There is no other  
11 correspondence, Supervisor.

12 SUPERVISOR SALADINO: Will you now,  
13 please, take the vote?

14 MR. LaMARCA: Supervisor Saladino?

15 SUPERVISOR SALADINO: I vote "Aye."

16 MR. LaMARCA: Councilwoman Johnson?

17 COUNCILWOMAN JOHNSON: "Aye."

18 MR. LaMARCA: Councilman Imbroto?

19 COUNCILMAN IMBROTO: I vote "Aye" on  
20 all Resolutions.

21 MR. LaMARCA: Councilman Hand?

22 COUNCILMAN HAND: "Aye."

23 MR. LaMARCA: Councilman Labriola?

24 COUNCILMAN LABRIOLA: "Aye."

MR. LaMARCA: Motion to adopt  
Resolution No. TF-16-22 through 788-2022 passes  
with seven "Ayes" and Zero "Nays."

The Calendar is complete.

(TIME NOTED: 1:12 P.M.)

SUPERVISOR SALADINO: Thank you.

May I have a motion to close the Board  
meeting.

COUNCILWOMAN JOHNSON: Supervisor, I'll  
make a motion that this meeting be closed.

COUNCILMAN IMBROTO: Second the motion.

SUPERVISOR SALADINO: All in favor,  
please signify by saying, "Aye."

ALL: "Aye."

SUPERVISOR SALADINO: Those opposed,  
"Nay."

(Whereupon, there were no "Nay"  
responses from the Board.)

SUPERVISOR SALADINO: The "Ayes" have  
it.
