ARTICLE I. IN GENERAL

Sec. 17-1 Pavement markings: State standards adopted; markings prescribed; observance required; “Motorist” defined; penalty for violation of section.

- (a) The system of pavement markings duly adopted for state highways by the New York State Department of Transportation is hereby adopted for all streets, roads and highways in the unincorporated area of the Town of Oyster Bay (“Town”), and such markings shall have the same meaning, force and effect as provided for such markings upon state highways.
- (b) In furtherance of subsection (a), and not in limitation thereof, the following pavement markings are hereby adopted:
 - (1) *Single broken line.* A motorist shall keep to the right of a single broken line, except when overtaking and passing another vehicle or obstruction, under conditions rendering it dangerous to cross such a line.
 - (2) *Single solid line.* A motorist shall not cross a single solid line except under an unusual circumstance, and only when no approaching car is in sight.
 - (3) *Double line.*
 - a. *Double solid line.* No motorist shall cross a double solid line.
 - b. *Double line, consisting of a solid line and a broken line.* No motorist shall cross a double line consisting of a solid line and a broken line if the solid line is on the driver’s side, and if the broken line is on the driver’s side, the motorist may cross the double line if safe to do so.

The provisions of this paragraph shall not be deemed to prevent a motorist from entering a driveway, service station, or other place of business or, in the case of an obstruction in the highway, from proceeding with reasonable caution to cross a double line.
- (c) The term “motorist” as used in this section includes the operator of every contrivance used, or capable of being used, as a means of transportation.
- (d) Any offense against any of the provisions of this Division shall be punishable pursuant to Section 17-2 of this Chapter.

Sec. 17-2 Penalty for violation of chapter.

Except as otherwise expressly provided, each violation of any provision of this Chapter, shall be deemed a traffic infraction punishable by a fine not exceeding five hundred dollars (\$500.00) or imprisonment not exceeding fifteen (15) days, or both.

Secs. 17-3 – 17-12 Reserved.

ARTICLE II. OPERATION OF VEHICLES

DIVISION 1. (RESERVED)

Secs. 17-13 – 17-22 Reserved.

DIVISION 2. STOP, YIELD AND THROUGH STREETS

Sec. 17-23 Observance of stop signs and flashing signals required.

Except when directed to proceed by a police officer, each driver of a vehicle approaching a stop sign or flashing red signal located at a stop intersection established in this division, shall stop at a clearly marked stop line, but if none, then shall stop before entering the crosswalk on the near side of the intersection, or in the event there is no crosswalk, at the point nearest the intersecting roadway where the driver has a view of the approaching traffic on the intersecting roadway before entering the intersection. (NYS Vehicle and Traffic Law, Sec. 1172(a))

Sec. 17-24 Observance of “yield” signs required.

The driver of a vehicle approaching a yield sign, if required for safety to stop, shall stop at a clearly marked stop line, but if there is no clearly marked stop line, then shall stop before entering the crosswalk on the near side of the intersection, or in the event there is no crosswalk, at the point nearest the intersecting roadway where the driver has a view of the approaching traffic on the intersecting roadway before entering the intersection. (NYS Vehicle and Traffic Law, Section 1172(b))

Sec. 17-25 Stop intersections established and enumerated

The following intersections are hereby designated as stop intersections, and stop signs shall be erected at appropriate places facing traffic on the stop street. All traffic on a stop street approaching a through street from either direction, unless otherwise designated, shall come to a full stop before entering the through street.
