Dear Friends,

I am pleased to announce that the Town of Oyster Bay has scheduled enrichment programs for the spring of 2019. These varied self-development classes for adults cover a broad range of interests. This season, applied art classes will be taught by all-new instructors. Also new this season are the additions of classes in both writing and psychic development.

The Department of Community and Youth Services, through the Cultural and Performing Arts Division, takes pride in presenting educational and informative programs; I am confident you will find a class that will pique your interest.

This spring, classes will be offered at our Town of Oyster Bay Community Center located at the Syosset-Woodbury Park in Woodbury.

On behalf of my colleagues on the Town Board, I encourage you to take advantage of these exciting enrichment programs organized for both your education and enjoyment.

Sincerely,

A handwritten signature in black ink that reads "Joseph S. Saladino". The signature is written in a cursive, flowing style.

TOB Residents \$80

10 Weekly Sessions

Instructor: Dr. Laurie Rozakis

Mondays, 1:00 PM - 2:00 PM

Location: Syosset-Woodbury C.C.

Dates: March 4, 11, 18 & 25; April 1, 8, 15, 22 & 29; May 6

How many times has someone told you, “What an interesting life you’ve had! You should write your stories down.” Yes, you should write your memoir, not only to educate and entertain, but also to reflect on your experiences, relive special moments and come to terms with challenging events. “Memories Into Memoirs” will help you start this journey.

We will meet once a week and share our stories under the gentle guidance of Dr. Laurie Rozakis, published author and university professor of English. By the end of the program, each participant will have written at least eight remembrances. Like quilting blocks, these can be assembled to create a manuscript that participants may wish to publish.

Dr. Laurie Rozakis is a writer of the *Complete Idiot’s* books and is an expert on coaching writers. She earned both her Bachelor of Arts and Master of Arts degrees from Hofstra University and her PhD from the State University of New York.
